The amount of annuity thereupon payable to the member will be on a reduced scale, and will be determined by his attained age and by all contributions made by himself and by the Employer on his behalf.

DEATH BENEFITS

- (27) **BEFORE RETIREMENT:** If a member dies before the first instalment of his Retirement Annuity is due, whether or not he is in the employ of the Employer at the date of death, an amount equal to the contributions he has made under the Plan will be paid to his designated Beneficiary in a lump sum, together with interest thereon up to the date of death, as provided in the Government *Annuities Act* (R.S.C. 1927, Chapter 7, as amended by Chapter 33, Statutes of 1931). The current rate of interest is 4% per year, compounded yearly.
- (28) In addition, if at the date of death, the member is in the employ of the employer, or has terminated his employment with the Employer,

after completion of at least 20 years of employment, an amount equal to the Past Service and Future Service contributions made by the Employer on his behalf, together with interest thereon as described in Paragraph 27, will be paid to his designated Beneficiary.

- (29) **AFTER RETIREMENT:** If a member dies after the first instalment of his Retirement Annuity has become due, and before sixty monthly payments have been received, the annuity payments will be continued to his designated Beneficiary as they become due, until sixty monthly payments in all have been made.

However, if a member has elected an optional type of annuity, the death benefits, if any, will be determined accordingly.

ABSENCES FROM WORK

- (30) Authorized absences from work shall not constitute termination of employment for the purposes of this Plan, but will be governed as follows:
- (a) If the member receives pay, contributions will continue and he will be entitled to all benefits as though he were actually at work.
 - (b) If the member does not receive pay, contributions will cease but any benefits previously purchased will not be affected. Upon return to active service with the Employer, contributions will be resumed.

MINIMUM ANNUITY FROM THE GOVERNMENT

- (31) If, at his Normal Retirement Date, the contributions at the credit of a member, including his own and those made by the Employer on his behalf, are not sufficient to purchase him an annuity of \$10.00 per year, such contributions will be paid to the member in a lump sum together with interest thereon as provided in the Government *Annuities Act* (R.S.C. 1927, Chapter 7, as amended by Chapter 33, Statutes of 1927) and the regulations made thereunder in lieu of the annuity purchased thereby.

LIMITATION OF ASSIGNMENT

- (32) (a) The Retirement Annuity and other benefits under the Plan are not assignable, whether by voluntary action or by operation of law.
- (b) A member may not borrow against his contributions nor withdraw them at any time.

RIGHT TO EMPLOYMENT OR BENEFITS

- (33) Participation in this Plan will not give any member the right to be retained in the service of the Employer, or any right or claim to benefits, unless the right to such benefits has specifically accrued under the terms of this Plan.

ADMINISTRATION OF THE PLAN

- (34) The Employer reserves the right to decide all matters arising in the administration and interpretation of the Plan, subject to law and the Government *Annuities Act*, (R.S.C. 1927, Chapter 7, as amended Chapter 33, Statutes of 1931) and the rules and regulations made thereunder. It will be the obligation of the Employer to pay over to the Government the contributions collected from the members together with the contributions required to be made by the Employer under the Plan, and it will be the obligation of the Government to pay benefits in accordance with contributions received.

CHANGE OR MODIFICATION

- (35) The Employer hopes and expects to continue the Plan indefinitely, but reserves the right to change or modify it at any time. Any change

or modification in the Plan shall not affect the terms of payment of, or the amount of, Retirement Annuity purchased prior to the date of such change or modification.

REGULATIONS UNDER THE PLAN

1. Present Employees' Option of becoming members of the Plan:

All employees in the service of the Employer on the Effective Date of the Plan, who are or who will be eligible to become members of the Plan will be required to decide within 60 days of the date they become eligible, whether or not they desire to become members of the Plan.

The decision in such cases shall be final and binding, and those employees who elect not to become members, shall sign a waiver, and shall not be permitted to become members after a period of 60 days has elapsed.

PROOF OF AGE

2. (a) At the time of joining the Plan, or as soon thereafter as possible a member will send to the Government a birth or baptismal certificate, as proof of his date of birth. The birth or baptismal certificate will be returned to the member.
- (b) If a birth or baptismal certificate cannot be obtained the member will submit a STATUTORY DECLARATION as to the date of birth by parent, or a copy of the entry of his date of birth in the Family Bible, certified to be a true copy by a Lawyer, Justice of the Peace, Notary Public, or Commissioner for taking oaths.
- (c) If such cannot be obtained, the member will submit a STATUTORY DECLARATION by a responsible person having cause to know of his date of birth, stating that no other documentary proof of age can be obtained.
- (d) If such cannot be obtained, the member will himself submit a STATUTORY DECLARATION as to his date of birth, stating that no other proof of age can be obtained.

BENEFICIARY

3. Each employee, on becoming a member of the Plan, may designate ANY ONE person his Beneficiary to receive such sums as may be payable on or after his death, reserving the right to change the Beneficiary from time to time with the assent of the Government. If, on the death of the member, there should be no living designated Beneficiary with respect to himself, such sums as would otherwise be payable to his designated Beneficiary, will be payable to the legal representative of the member.

MEMBER'S CERTIFICATE OR CONTRACT

4. Each member of the Plan will receive from the Government a certificate as evidence of his inclusion under the Group Annuity Contract issued by the Government to the Employer. At his date of retirement, or at his date of final termination of service, the member will receive an individual Government Annuity Contract, specifying the amount of annuity, and any other benefits, to which he has become entitled.

RECEIPTS FOR PAYMENTS

5. The Government will provide receipts to each payment of a member's contributions received by the Government. These receipts will be transmitted to the member through the Employer.

TERMINATION OF SERVICE

6. A member shall be deemed to have finally terminated his service with the Employer when, in the opinion of the Pension Committee, or failing such, of the Employer, he has left the employ of the Employer without reason to believe that he will be further employed.

SUSPENSION OF SERVICE

7. A member shall be deemed to have suspended his service with the Employer, when he is temporarily off duty without pay for any reason other than on account of illness or accident, except as otherwise provided herein or in the Plan.

DISABILITY

8. "Disability" as set out in the Plan shall be interpreted to mean that a member has furnished satisfactory medical testimony, as may be required, that he is unable to continue further at his employment.

 SCHEDULE B

- (a) "DEPENDENT" in this part shall mean such of the members of the family of an employee as were wholly dependent upon his earnings at the time of his death and whether such members are so dependent shall be determined by the Board.
- (b) A fund shall be established by the Board to be known as the "EMPLOYEES' INSURANCE FUND" and, in the event of the death of an employee while in the employment of the Board and prior to his retirement, such employee's dependent shall be paid from such fund an amount equal to one month's salary for each year during the period of the employment of such employee; provided, however, that such amount shall not exceed the annual salary which such employee was receiving at the time of his death.
- (c) Where an employee, having reached the age of sixty years or after having been for twenty years in the service of the Board, retires at such time as may be fixed by the Board for retirement, the Board shall pay such employee a retiring allowance equal to one month's salary for each year during the term of his employment; provided, however, that such retiring allowance shall not exceed the annual salary that such employee was receiving at the time of his retirement and provided, further, that, in the event of an employee retiring prior to the time fixed by the Board for retirement but after such employee has reached the age of sixty years or after having been for twenty years in the service of the Board, a retiring allowance may be granted in the discretion of the Board to such employee for such amount as the Board may determine.
- (d) That in the case of female employees who retire to get married, if they have given 30 years or more service with the Board of Education for the City of Hamilton, they may be eligible for the gratuity.

To women cleaners, having reached the age of sixty and having 20 years in the service of the Board, who retire, the Board shall pay a retiring allowance equal to the average annual amount received by such employee for the previous three years.

SCHEDULE C

- (a) Any full-time employee, not eligible for payments under *The Teachers' Superannuation Act*, in the service of the Board on and after the 1st day of June 1949 and who may be retired from the service of the Board of Education after twenty (20) years' service, or who has reached the age of 60 years, shall be granted a retiring allowance for life at a rate of one and one-quarter per centum of his or her normal full wages, salary or income for the year preceding retirement, multiplied by his or her years of service after his or her twenty-fifth birthday and not exceeding a maximum of forty (40) years' service.

Provided, however, the total amount of retiring allowance shall not exceed Three Thousand Dollars (\$3,000) per annum.

- (b) The amount of such annual retirement allowances shall be reduced by payments payable to the retiring employee through any established pension funds to which the Board and the employee jointly contribute.
- (c) No retiring allowance shall be payable to any employee who on the date of his retirement, is not a member of the Pension Plan of the Board, or who, if he was an employee on the 15th day of April, 1944, failed to become a member on or before the 1st day of June, 1951.

The provisions herein contained shall control and govern the operation and administration of the Plan, and the rights and interests of members and their beneficiaries, as and from the effective date except that nothing herein contained shall alter or affect the amount or the terms or conditions of payment of any pension under which payment of the pension commenced prior to the 1st of January, 1956 or the rights or interests of any person whose employment with the Board terminated prior to the 1st day of January, 1956 or of the beneficiary of any such former employee.

3.

ELIGIBILITY AND PARTICIPATION

- (a) Each person who was a member of the former plan immediately prior to the effective date of this Plan shall continue his participation but under this Plan and subject to its provisions except as otherwise provided in section 2.
- (b) Each person who, immediately prior to the effective date of this Plan, was an employee, had attained the age of 30 years and had become eligible to participate in the former plan but was not a member thereof shall be eligible to participate in this Plan as from any 1st day of a month, from and including the effective date, on which he is a permanent employee and has not attained what would be his normal retirement date under this Plan.
- (c) Each present male employee who does not automatically become a member of this Plan pursuant to subsection (a) of this section

and is not eligible to become a member pursuant to subsection (b) of this section and each future male employee shall be eligible to participate in this Plan, and must as a condition of continued employment by the Board become a member, as from the earliest 1st day of a month on which he

- (1) is a permanent employee;

 - (3) has completed at least one year of continuous service with the Board; and
 - (4) has not attained what would be his normal retirement date under this Plan.

- (1) is a permanent employee;
 - (2) has attained the age of 25 years;
 - (3) has completed at least three years of continuous service with the Board; and
 - (4) has not attained what would be her normal retirement date under this Plan

but not later than the earliest 1st day of a month on which she fulfils the foregoing requirements and has attained the age of 30 years, on which date she must, as a condition of continued employment by the Board, be or become a member of this Plan.

- (e) A member may not withdraw from participation in this Plan while he is in service with the Board and has not attained his normal retirement date.
- (f) If a person re-enters the service of the Board, whether or not he was previously a member of this Plan, his separate periods of service will be treated independently and as if rendered by different individuals in applying the provisions of this Plan and in determining rights and benefits hereunder.

4.

RETIREMENT DATE

- (a) The normal retirement date of a member will be the 1st day of July immediately following his 65th birthday unless he was born in July or August, in which event his normal retirement date will be the 1st day of July immediately following his 64th birthday.
- (b) A member may be retired on any 1st day of a month before his normal retirement date for reasons of sickness or disability which have been established by medical evidence satisfactory to the Board and the pension thereupon payable will be on the reduced scale which the funds at his credit with the insurers will then provide.

5.

REGULAR FORM OF PENSION

The regular form of pension is one commencing on a member's normal or earliest retirement date and payable monthly to the member during his lifetime but with the guarantee that, if his death occurs before payments for sixty months have been made, the pension payments will be continued to his beneficiary, if any, otherwise to his estate for the balance of the sixty months. If the amount of pension payable to a member by either of the insurers would be less than \$10 per month, that insurer may make payment less frequently in adjusted amounts.

6.

DIFFERENT FORM OF PENSION

- (a) A member may elect any other form of pension that the insurers are prepared to make available to him. The Insurance Company has the right to require evidence satisfactory to it that the member is in good health before accepting any such election unless made at least five years before payment of the pension is to commence. Also, once an optional form of pension has been elected and the election accepted by the Insurance Company, the Insurance Company has the right to require evidence satisfactory to it that the member and his joint annuitant, if any, are in good health before accepting any change in the election or a cancellation of the election by the member unless made at least five years before payment of the pension is to commence.
- (b) Notwithstanding anything to the contrary in subsection (a) of this section, if a member elects a Joint and Last Survivorship pension and either the member or his joint annuitant dies before the first payment of the pension falls due, the election of the option will be cancelled automatically and all rights and benefits with respect to the member will be the same as though such election had not been made.

7.

PENSION CREDITS

- (a) A pension credit is an annual amount of pension of the regular form to commence at normal retirement date. Where a member has elected a different form of pension and/or arranged, with the consent of the Board, to have payment of his pension commence before normal retirement date, Board contributions with respect to the member will nevertheless be calculated as if no such election or arrangement had been made and as if Board contributions and the member's regular contributions purchased pension of the regular form to commence at normal retirement date. Also, although any such election or arrangement may alter the period during which purchases can be made from the Annuities Branch, Board contributions to the Annuities Branch with respect to the member during the period as so altered will be calculated as if Board contributions and the member's regular contributions purchased pension of the regular form to commence at normal retirement date and as if the Annuities Branch had no maximum limit. A member's regular pension credit is the pension credit arising from his own regular contributions and the Board contributions with respect to him and excludes the pension credit arising from any additional contributions he may have made.
- (b) A member's regular pension credit shall, subject to the provisions of sections 13 and 15, be equal to two per cent (2%) of the earnings as an employee on which he makes regular contributions after the effective date of this Plan plus, if he was an employee-member of the former plan immediately prior to the effective date of this Plan,
 - (1) the pension credit arising from his regular contributions under the former plan and the Board's contributions with respect to him under the former plan, or
 - (2) one-eighth of one per cent ($\frac{1}{8}\%$) of his regular annual salary at the effective date multiplied by the number of months elapsed from the 1st day of the month in which he became a member of the former plan up to the effective date of this Plan, whichever is the greater.

8.

MEMBER CONTRIBUTIONS

- (a) Each member shall make regular contributions of six per cent (6%) of each and every payment of his earnings as an employee from the date of his inclusion in this Plan up to his normal or earlier retirement date.

- (b) Any member who does not elect to make additional contributions, as provided in subsection (c) of this section, in respect of service rendered in the years in which he was not a contributor to this Plan or the former plan may make additional contributions in respect of future service provided that they shall not exceed the percentage of his earnings as an employee which corresponds to the number of years from his entry date to his normal retirement date, as indicated in the following table:

Number of Years from Date of Entry into this Plan (or former plan) until Normal Retirement Date	Maximum Percentage of Additional Future Service Contributions
36 - 40	1 %
31 - 35	2½ %
26 - 30	4 %
21 - 25	6 %
20 and under	10 %

- (c) Any member who does not elect to make additional contributions in respect of future service, as provided in subsection (b) of this section, may make additional contributions in respect of the years in which he was not a contributor to this Plan or the former plan. Such additional contributions may not exceed in the aggregate five per cent (5%) of the member's earnings from the employer up to the date of his inclusion in either this Plan or the former plan.

9.

ABSENCE FROM WORK

Authorized absence, such as absence on leave or due to sickness or accident, will not constitute Termination of Service for the purposes of this Plan. In the event of unauthorized absence, the Board shall have the right to determine if and when such absence constitutes Termination of Service. A member's regular contributions will be suspended during any period that he is not receiving remuneration as an employee.

10.

BOARD CONTRIBUTIONS

The Board will contribute the amount required, in addition to each member's regular contributions, in order that his regular pension credit will be as provided in subsection (b) of section 7. To avoid constant calculations, the Board will normally make its contribution as of the end of each calendar year but will make such special contributions, or arrangements with the insurers in connection therewith, as may be required in order that, upon a member's retirement during a year or immediately prior to section 13 or 15 becoming operative with respect to him or upon discontinuance of this Plan, the member's regular pension credit will be in the amount provided in subsection (b) of section 7 to the end that all rights and benefits under this Plan will be the same as if the regular pension credits were constantly maintained at the amounts provided in subsection (b) of section 7.

11.

UNDERWRITING

- (a) To provide the benefits under this Plan, purchases with respect to a member will be made from the Annuities Branch or from the Insurance Company or from both. It is the intention of the Board that, in general, purchases from the Insurance Company with respect to a member will commence only if and when his pension credit at the Annuities Branch reaches the maximum permissible. Notwithstanding the foregoing, the Board shall have the right to decide that purchases from the Insurance Company with respect to any member, including remittance of all or part of the member's contributions and/or additional contributions to the Insurance Company, shall commence earlier and to determine what portion of the purchases with respect to any member are to be made from the Insurance Company.

- (b) Each of the insurers shall be liable for, but only for, the benefits purchased by contributions received by it. The sole liability of the Board shall be to remit to the insurers (not less frequently than quarterly) the contributions made by members and the Board contributions provided for in section 10.

12.

TRANSFERS

Where a member of:

- (i) the civil service of Ontario or Canada,
- (ii) the civic service of any municipality or of any other local board, or
- (iii) the staff of any board, commission or public institution established under any Act of the Legislature,

becomes an employee and a sum of money is transferred from any fund or plan maintained to provide superannuation benefits or pensions for the members of such civil or civic service or staff, as the case may be, to the credit of the employee, such sum shall be transferred into this Plan to the credit of the employee in the like manner as an additional contribution by such employee and the employee shall thereupon become a member of this Plan, notwithstanding anything to the contrary contained in section 3 of this Plan.

13.

DEATH BENEFITS

- (a) Should the death of a member occur before the first payment of his pension falls due, whether or not he is in the service of the Board at the date of his death, the total of his own contributions, with interest, and the percentage, if any, indicated in the Table following of the Board's contributions with respect to him, with interest, shall be paid to his beneficiary, if any, otherwise to his estate.

Years of Continuous Service with the Board	Percentage of Board Contributions and Interest
Less than 10	Nil
10 but less than 15	50%
15 but less than 20	75%
20 or more	100%

PROVIDED that, if the death of the member occurs before the first payment of his pension falls due and while he is in the service of the Board, the death benefit payable to his beneficiary, if any, otherwise to his estate shall not be less than the total of his own contributions, with interest, plus the contributions made by the Board with respect to him prior to the effective date of this Plan, with interest.

- (b) Should the death of a member occur on or after the due-date of the first payment of his pension, any payments remaining to be made under his pension shall be made as they respectively fall due to his beneficiary, if any, otherwise to his estate.

14.

BENEFICIARY

A member may name a beneficiary to receive any death benefit payable in accordance with section 13 and, subject to legal restrictions, will be permitted to change his beneficiary. Particulars of the method of naming a beneficiary or of changing his beneficiary will be furnished to a member upon request.

15.

TERMINATION OF SERVICE

- (a) If a member's service with the Board is terminated prior to his normal retirement date, otherwise than by death or by early

retirement as provided for in subsection (b) of section 4, he shall be entitled to the paid-up pension purchased by the total of his own contributions and by the percentage, if any, indicated in the Table following of the Board's contributions with respect to him.

Years of Continuous Service with the Board	Percentage of Board Purchase
Less than 10	Nil
10 but less than 15	50%
15 but less than 20	75%
20 or more	100%

The paid-up pension to which a member terminating service is entitled as aforesaid will carry with it all death benefits, optional pension rights and other benefits provided by his own contributions and by the percentage, if any, of the Board's contributions with respect to him.

- (b) A member who is entitled to a paid-up pension under the provisions of subsection (a) of this section may not withdraw his own contributions or the percentage, if any, of the Board's contributions with respect to him, except where a minimum pension provision of the Board's contracts with the insurers applies. If he is eligible for and accepts payment of the contributions at his credit under any contract, the payment will be in full satisfaction of all his rights under such contract and further benefits with respect to him under this Plan will be reduced or cancelled accordingly.

16. LIMITATION OF ASSIGNMENT

- (a) Pension and other benefits under this Plan are not assignable except that a beneficiary may assign his rights and interests to the member by whom he was appointed.
- (b) A member may not borrow against the contributions at his credit or against any benefit under the Plan.
- (c) A member may not withdraw the contributions at his credit under this Plan except as provided in subsection (b) of section 15 and except that if, at the time of his retirement, the funds at his credit are not sufficient to provide, pursuant to such options as are available to him, a pension on his life of \$120.00 a year to commence at his normal retirement date, the member may surrender his rights to receive a pension in consideration of a single payment being made to him of a sum not less than his contributions together with such interest, if any, as may be credited thereon.

17. RIGHT TO EMPLOYMENT AND BENEFITS

Participation in this Plan will not give any member the right to be retained in the service of the Board or any right or claim to pension or other benefits unless the right or claim to such benefits has specifically accrued under the provisions of this Plan.

18. ADMINISTRATION

The Board shall decide on all matters of any nature whatsoever in connection with the administration, interpretation or application of the Plan subject to law and to applicable provisions of the contracts entered into with the Annuities Branch and the Insurance Company.

19. CHANGE OR DISCONTINUANCE OF PLAN

The Board may, by resolution and with the approval of the Minister of Education of the Province of Ontario, amend this Plan at any time and from time to time or discontinue it at any time. If the Plan is discontinued, all members who are then in the service of the Board will be deemed, for the purposes of this Plan, to terminate service with the Board at the time of such discontinuance but to have completed twenty years or more of service with the Board.

- (14) The contributions of a member will be remitted to the Government at the end of each three months' period, together with the Employer contributions for same period. If the contributions made by and

on behalf of a member become sufficient before his Retirement Date to purchase the maximum annuity available to him from the Government (\$1,200.00 per year) no further contributions will be payable to the Government by the member or by the Employer on his behalf.

- (15) For the purposes of this Plan, the Employer's determination of a member's earnings and length of service shall be conclusive. Each eligible employee who becomes a member of the Plan on the Effective Date, or within 60 days thereof, will receive, commencing at Normal Retirement Date, subject to the terms of this Plan, a Past Service Annuity equal to \$12.00 for each completed year of service up to the Effective Date of the Plan, excluding any years of service prior to the date which is 40 years before a male member's Normal Retirement Age and excluding any years of service prior to the date which is 35 years before a female member's Normal Retirement Age. The cost of such Past Service annuities will be borne entirely by the Employer.

- (18) In calculating the number of years of past service of employees who have been or who are absent on military service, and who subsequently become members of the Plan in accordance with Paragraph 7 hereof, credit shall also be given for the period of military service up to the Effective Date of the Plan.

MAXIMUM ANNUITY UNDER THE PLAN

- (19) The maximum annuity that may be received by a member under this Plan is \$1,200. per year. The maximum annuity available from the Government on the life of a member is \$1,200. per year, in which will be included the amount of annuity to which a member may be or may become entitled under an individual Government Contract on his life at the time of becoming a member of the Plan, and if he is thereby precluded from receiving the maximum annuity under the Plan from the Government, contributions under the Plan will be remitted to the Government, until the maximum annuity available to the member from the Government has been purchased, and thereafter contributions will be remitted to such Insurance Company, licensed to do business in Canada, as the Employer may designate, until the maximum annuity under the Plan has been purchased, or until the member attains Normal Retirement Age, whichever occurs first.

PAYMENT OF RETIREMENT ANNUITY

- (20) The Retirement Annuity will commence on the Retirement Date of the member, and will be payable in monthly instalments as long as he lives, provided that sixty monthly instalments will be paid in any event.

OPTIONAL TYPES OF ANNUITY

- (21) In place of the Normal Type of Annuity as described in Paragraph 20, a member may, at any time more than five years before his Retirement Annuity commences, or within six months from his date of Registration with the Government, choose any one of the following types:—

- (a) Joint and Survivorship annuity: Providing a smaller annuity, but payable during the lifetime of the member and other person, generally his wife, and continuing until the death of the survivor.
- (b) Annuity payable for life, but 120, 180, or 240 annuity instalments guaranteed in any event.
- (c) Annuity payable for life, and ceasing with the last instalment due before the date of death.

Information will be supplied on request, showing the approximate amount of annuity that would be received under any one of these options.

TERMINATION OF EMPLOYMENT

- (22) If for any reason other than his death, a member should cease to be employed by the Employer prior to his Normal Retirement Date, the total of the contributions which he has made under the Plan will remain at his credit with the Government, to provide him with an Annuity commencing at Normal Retirement Date or any earlier anniversary thereof. The member will have the privilege of continuing contributions in order to increase his annuity.
- (23) In addition, if at Date of Termination, the member has completed at least twenty years of employment with the Employer he will receive at Normal Retirement Date, or an earlier anniversary thereof, the amount of annuity purchased by the Future Service and Past Service contributions remitted by the Employer on his behalf.
- (24) If a member is convicted of a criminal offence arising out of a breach of trust, embezzlement or fraud committed in the course of his employment with the Employer, he will hereby forfeit any right to or in receipt of Past Service and Future Service contributions made by the Employer on his behalf, or to any payment calculated by reference to any such contributions under this Plan, if notice of the conviction is received by the Government before payment is made to the member, or to his designated Beneficiary or legal representative.

RE-EMPLOYMENT

- (25) Any member whose employment has been terminated and who is subsequently re-employed by the Employer will, for the purposes of this Plan, be considered a new employee.

EARLY RETIREMENT

- (26) Under special circumstances and with the consent of the Employer, a member may be permitted to retire on the first day of any month in the five year period immediately preceding Normal Retirement Date, or at any other time for reasons of sickness or disability, as determined by the Employer. The amount of annuity thereupon payable to the member will be on a reduced scale, and will be determined by his attained age and by all contributions made by himself and by the Employer on his behalf.

DEATH BENEFITS

- (27) BEFORE RETIREMENT: If a member dies before the first instalment of his Retirement Annuity is due, whether or not he is in the employ of the Employer at the date of death, an amount equal to the contributions he has made under the Plan will be paid to his designated Beneficiary in a lump sum, together with interest thereon up to the date of death, as provided in the Government *Annuities Act* (R.S.C. 1927, Chapter 7, as amended by Chapter 33, Statutes of 1931). The current rate of interest is 4% per year, compounded yearly.
- (28) In addition, if at the date of death, the member is in the employ of the employer, or has terminated his employment with the Employer,

after completion of at least 20 years of employment, an amount equal to the Past Service and Future Service contributions made by the Employer on his behalf, together with interest thereon as described in Paragraph 27, will be paid to his designated Beneficiary.

- (29) **AFTER RETIREMENT:** If a member dies after the first instalment of his Retirement Annuity has become due, and before sixty monthly payments have been received, the annuity payments will be continued to his designated Beneficiary as they become due, until sixty monthly payments in all have been made.

However, if a member has elected an optional type of annuity, the death benefits, if any, will be determined accordingly.

ABSENCES FROM WORK

- (30) Authorized absences from work shall not constitute termination of employment for the purposes of this Plan, but will be governed as follows:
- (a) If the member receives pay, contributions will continue and he will be entitled to all benefits as though he were actually at work.
 - (b) If the member does not receive pay, contributions will cease but any benefits previously purchased will not be affected. Upon return to active service with the Employer, contributions will be resumed.

MINIMUM ANNUITY FROM THE GOVERNMENT

- (31) If, at his Normal Retirement Date, the contributions at the credit of a member, including his own and those made by the Employer on his behalf, are not sufficient to purchase him an annuity of \$10.00 per year, such contributions will be paid to the member in a lump sum together with interest thereon as provided in the Government *Annuities Act* (R.S.C. 1927, Chapter 7, as amended by Chapter 33, Statutes of 1927) and the regulations made thereunder in lieu of the annuity purchased thereby.

LIMITATION OF ASSIGNMENT

- (32) (a) The Retirement Annuity and other benefits under the Plan are not assignable, whether by voluntary action or by operation of law.
- (b) A member may not borrow against his contributions nor withdraw them at any time.

RIGHT TO EMPLOYMENT OR BENEFITS

- (33) Participation in this Plan will not give any member the right to be retained in the service of the Employer, or any right or claim to benefits, unless the right to such benefits has specifically accrued under the terms of this Plan.

ADMINISTRATION OF THE PLAN

- (34) The Employer reserves the right to decide all matters arising in the administration and interpretation of the Plan, subject to law and the Government *Annuities Act*, (R.S.C. 1927, Chapter 7, as amended Chapter 33, Statutes of 1931) and the rules and regulations made thereunder. It will be the obligation of the Employer to pay over to the Government the contributions collected from the members together with the contributions required to be made by the Employer under the Plan, and it will be the obligation of the Government to pay benefits in accordance with contributions received.

CHANGE OR MODIFICATION

- (35) The Employer hopes and expects to continue the Plan indefinitely, but reserves the right to change or modify it at any time. Any change

or modification in the Plan shall not affect the terms of payment of, or the amount of, Retirement Annuity purchased prior to the date of such change or modification.

3. Each employee, on becoming a member of the Plan, may designate ANY ONE person his Beneficiary to receive such sums as may be payable on or after his death, reserving the right to change the Beneficiary from time to time with the assent of the Government. - (f) If a person re-enters the service of the Board, whether or not he was previously a member of this Plan, his separate periods of service will be treated independently and as if rendered by different individuals in applying the provisions of this Plan and in determining rights and benefits hereunder.

4.

RETIREMENT DATE

- (a) The normal retirement date of a member will be the 1st day of July immediately following his 65th birthday unless he was born in July or August, in which event his normal retirement date will be the 1st day of July immediately following his 64th birthday.
- (b) A member may be retired on any 1st day of a month before his normal retirement date for reasons of sickness or disability which have been established by medical evidence satisfactory to the Board and the pension thereupon payable will be on the reduced scale which the funds at his credit with the insurers will then provide.

5.

REGULAR FORM OF PENSION

The regular form of pension is one commencing on a member's normal or earlier retirement date and payable monthly to the member during his lifetime but with the guarantee that, if his death occurs before payments for sixty months have been made, the pension payments will be continued to his beneficiary, if any, otherwise to his estate for the balance of the sixty months. If the amount of pension payable to a member by either of the insurers would be less than \$10 per month, that insurer may make payment less frequently in adjusted amounts.

6.

DIFFERENT FORM OF PENSION

- (a) A member may elect any other form of pension that the insurers are prepared to make available to him. The Insurance Company has the right to require evidence satisfactory to it that the member is in good health before accepting any such election unless made at least five years before payment of the pension is to commence. Also, once an optional form of pension has been elected and the election accepted by the Insurance Company, the Insurance Company has the right to require evidence satisfactory to it that the member and his joint annuitant, if any, are in good health before accepting any change in the election or a cancellation of the election by the member unless made at least five years before payment of the pension is to commence.
- (b) Notwithstanding anything to the contrary in subsection (a) of this section, if a member elects a Joint and Last Survivorship pension and either the member or his joint annuitant dies before the first payment of the pension falls due, the election of the option will be cancelled automatically and all rights and benefits with respect to the member will be the same as though such election had not been made.

7.

PENSION CREDITS

- (a) A pension credit is an annual amount of pension of the regular form to commence at normal retirement date. Where a member has elected a different form of pension and/or arranged, with the consent of the Board, to have payment of his pension commence before normal retirement date, Board contributions with respect to the member will nevertheless be calculated as if no such election or arrangement had been made and as if Board contributions and the member's regular contributions purchased pension of the regular form to commence at normal retirement date. Also, although any such election or arrangement may alter the period during which purchases can be made from the Annuities Branch, Board contributions to the Annuities Branch with respect to the member during the period as so altered will be calculated as if Board contributions and the member's regular contributions purchased pension of the regular form to commence at normal retirement date and as if the Annuities Branch had no maximum limit. A member's regular pension credit is the pension credit arising from his own regular contributions and the Board contributions with respect to him and excludes the pension credit arising from any additional contributions he may have made.
- (b) A member's regular pension credit shall, subject to the provisions of sections 13 and 15, be equal to two per cent (2%) of the earnings as an employee on which he makes regular contributions after the effective date of this Plan plus, if he was an employee-member of the former plan immediately prior to the effective date of this Plan,
 - (1) the pension credit arising from his regular contributions under the former plan and the Board's contributions with respect to him under the former plan, or
 - (2) one-eighth of one per cent ($\frac{1}{8}\%$) of his regular annual salary at the effective date multiplied by the number of months elapsed from the 1st day of the month in which he became a member of the former plan up to the effective date of this Plan, whichever is the greater.

8.

MEMBER CONTRIBUTIONS

- (a) Each member shall make regular contributions of six per cent (6%) of each and every payment of his earnings as an employee from the date of his inclusion in this Plan up to his normal or earlier retirement date.

- (b) Any member who does not elect to make additional contributions, as provided in subsection (c) of this section, in respect of service rendered in the years in which he was not a contributor to this Plan or the former plan may make additional contributions in respect of future service provided that they shall not exceed the percentage of his earnings as an employee which corresponds to the number of years from his entry date to his normal retirement date, as indicated in the following table:

Number of Years from Date of Entry into this Plan (or former plan) until Normal Retirement Date	Maximum Percentage of Additional Future Service Contributions
36 - 40	1 %
31 - 35	2½ %
26 - 30	4 %
21 - 25	6 %
20 and under	10 %

- (c) Any member who does not elect to make additional contributions in respect of future service, as provided in subsection (b) of this section, may make additional contributions in respect of the years in which he was not a contributor to this Plan or the former plan. Such additional contributions may not exceed in the aggregate five per cent (5%) of the member's earnings from the employer up to the date of his inclusion in either this Plan or the former plan.

9. ABSENCE FROM WORK

Authorized absence, such as absence on leave or due to sickness or accident, will not constitute Termination of Service for the purposes of this Plan. In the event of unauthorized absence, the Board shall have the right to determine if and when such absence constitutes Termination of Service. A member's regular contributions will be suspended during any period that he is not receiving remuneration as an employee.

10. BOARD CONTRIBUTIONS

The Board will contribute the amount required, in addition to each member's regular contributions, in order that his regular pension credit will be as provided in subsection (b) of section 7. To avoid constant calculations, the Board will normally make its contribution as of the end of each calendar year but will make such special contributions, or arrangements with the insurers in connection therewith, as may be required in order that, upon a member's retirement during a year or immediately prior to section 13 or 15 becoming operative with respect to him or upon discontinuance of this Plan, the member's regular pension credit will be in the amount provided in subsection (b) of section 7 to the end that all rights and benefits under this Plan will be the same as if the regular pension credits were constantly maintained at the amounts provided in subsection (b) of section 7.

11. UNDERWRITING

- (a) To provide the benefits under this Plan, purchases with respect to a member will be made from the Annuities Branch or from the Insurance Company or from both. It is the intention of the Board that, in general, purchases from the Insurance Company with respect to a member will commence only if and when his pension credit at the Annuities Branch reaches the maximum permissible. Notwithstanding the foregoing, the Board shall have the right to decide that purchases from the Insurance Company with respect to any member, including remittance of all or part of the member's contributions and/or additional contributions to the Insurance Company, shall commence earlier and to determine what portion of the purchases with respect to any member are to be made from the Insurance Company.

- (b) Each of the insurers shall be liable for, but only for, the benefits purchased by contributions received by it. The sole liability of the Board shall be to remit to the insurers (not less frequently than quarterly) the contributions made by members and the Board contributions provided for in section 10.

12.

TRANSFERS

Where a member of:

- (i) the civil service of Ontario or Canada,
- (ii) the civic service of any municipality or of any other local board, or
- (iii) the staff of any board, commission or public institution established under any Act of the Legislature,

becomes an employee and a sum of money is transferred from any fund or plan maintained to provide superannuation benefits or pensions for the members of such civil or civic service or staff, as the case may be, to the credit of the employee, such sum shall be transferred into this Plan to the credit of the employee in the like manner as an additional contribution by such employee and the employee shall thereupon become a member of this Plan, notwithstanding anything to the contrary contained in section 3 of this Plan.

13.

DEATH BENEFITS

- (a) Should the death of a member occur before the first payment of his pension falls due, whether or not he is in the service of the Board at the date of his death, the total of his own contributions, with interest, and the percentage, if any, indicated in the Table following of the Board's contributions with respect to him, with interest, shall be paid to his beneficiary, if any, otherwise to his estate.

Years of Continuous Service with the Board	Percentage of Board Contributions and Interest
Less than 10	Nil
10 but less than 15	50%
15 but less than 20	75%
20 or more	100%

PROVIDED that, if the death of the member occurs before the first payment of his pension falls due and while he is in the service of the Board, the death benefit payable to his beneficiary, if any, otherwise to his estate shall not be less than the total of his own contributions, with interest, plus the contributions made by the Board with respect to him prior to the effective date of this Plan, with interest.

- (b) Should the death of a member occur on or after the due-date of the first payment of his pension, any payments remaining to be made under his pension shall be made as they respectively fall due to his beneficiary, if any, otherwise to his estate.

14.

BENEFICIARY

A member may name a beneficiary to receive any death benefit payable in accordance with section 13 and, subject to legal restrictions, will be permitted to change his beneficiary. Particulars of the method of naming a beneficiary or of changing his beneficiary will be furnished to a member upon request.

15.

TERMINATION OF SERVICE

- (a) If a member's service with the Board is terminated prior to his normal retirement date, otherwise than by death or by early

retirement as provided for in subsection (b) of section 4, he shall be entitled to the paid-up pension purchased by the total of his own contributions and by the percentage, if any, indicated in the Table following of the Board's contributions with respect to him.

Years of Continuous Service with the Board	Percentage of Board Purchase
Less than 10	Nil
10 but less than 15	50%
15 but less than 20	75%
20 or more	100%

The paid-up pension to which a member terminating service is entitled as aforesaid will carry with it all death benefits, optional pension rights and other benefits provided by his own contributions and by the percentage, if any, of the Board's contributions with respect to him.

- (b) A member who is entitled to a paid-up pension under the provisions of subsection (a) of this section may not withdraw his own contributions or the percentage, if any, of the Board's contributions with respect to him, except where a minimum pension provision of the Board's contracts with the insurers applies. If he is eligible for and accepts payment of the contributions at his credit under any contract, the payment will be in full satisfaction of all his rights under such contract and further benefits with respect to him under this Plan will be reduced or cancelled accordingly.

16. LIMITATION OF ASSIGNMENT

- (a) Pension and other benefits under this Plan are not assignable except that a beneficiary may assign his rights and interests to the member by whom he was appointed.
- (b) A member may not borrow against the contributions at his credit or against any benefit under the Plan.
- (c) A member may not withdraw the contributions at his credit under this Plan except as provided in subsection (b) of section 15 and except that if, at the time of his retirement, the funds at his credit are not sufficient to provide, pursuant to such options as are available to him, a pension on his life of \$120.00 a year to commence at his normal retirement date, the member may surrender his rights to receive a pension in consideration of a single payment being made to him of a sum not less than his contributions together with such interest, if any, as may be credited thereon.

17. RIGHT TO EMPLOYMENT AND BENEFITS

Participation in this Plan will not give any member the right to be retained in the service of the Board or any right or claim to pension or other benefits unless the right or claim to such benefits has specifically accrued under the provisions of this Plan.

18. ADMINISTRATION

The Board shall decide on all matters of any nature whatsoever in connection with the administration, interpretation or application of the Plan subject to law and to applicable provisions of the contracts entered into with the Annuities Branch and the Insurance Company.

19. CHANGE OR DISCONTINUANCE OF PLAN

The Board may, by resolution and with the approval of the Minister of Education of the Province of Ontario, amend this Plan at any time and from time to time or discontinue it at any time. If the Plan is discontinued, all members who are then in the service of the Board will be deemed, for the purposes of this Plan, to terminate service with the Board at the time of such discontinuance but to have completed twenty years or more of service with the Board.

municipality, which in the opinion of the council of the Corporation derive special benefit therefrom, and the by-law shall have appended thereto a schedule establishing the portion of the capital cost and maintenance cost that shall be levied against each occupant of lands and buildings in the defined area.

Annual

SECTION 1. Clauses *a*, *b* and *c* of the new subsection 2 now appear as clauses *c*, *d* and *e* of what will be subsection 1. As the clauses contain incidental powers only, it is thought they ought to be divorced from the two object clauses *a* and *b* of subsection 1 and appear in a separate subsection.

Clause *d* of the new subsection 2 is new. It is designed to remove any doubt as to the power of a credit union to make donations for the general advancement of the credit union movement. A number of such advances are being made from time to time.

SECTION 2. The amount of a share in a credit union cannot exceed \$10; it is usually \$5. The amendment provides that there is no liability by a member to the credit union for the balance of any partly paid share.

Loans to

4.—(1) Subsection 1 of section 30 of *The Credit Unions Act, 1953*, as re-enacted by section 12 of *The Credit Unions Amendment Act, 1954*, is repealed and the following substituted therefor:

Supervisory
committee

- (1) Subject to subsection 15, every credit union shall at its first general meeting elect from its members a supervisory committee of three members, who shall not be members of the board of directors or the credit committee or officers of the credit union, and who shall hold office for such term as the by-laws prescribe and until their successors are elected.

1953, c. 26,
s. 38,
re-enacted

5. Section 38 of *The Credit Unions Act, 1953* is repealed and the following substituted therefor:

Nomination
of successor

- 38.—(1) A member of a credit union over the age of sixteen years having on deposit and as payment for shares an amount not exceeding \$500 may by a writing signed by him and deposited with the credit union nominate any person to receive the money at his death and may from time to time by a further writing signed by him and deposited with the credit union alter or revoke such nomination or substitute a new nominee to receive the money at his death.

SECTION 3. The effect of the deletion of the words is to remove the necessity for certain approvals of certain types of loans.

SECTION 4—Subsection 1. At the present time the supervisory committee consists of "at least" three members. The three-member feature is now made mandatory in order to better accommodate the election in rotation and quorum features of subsections 2 and 3.

Subsection 2. The new subsection will obviate the necessity of appointing a supervisory committee where auditors have been appointed under subsection 11.

SECTION 5. The section as re-enacted restricts the power to nominate a successor to members over the age of 16 years and also authorizes a renomination and a revocation of a nomination.

SECTION 6. Section 39a is new. It is similar in principle to section 17 (6) of *The Collection Agencies Act*.

Section 40a is new. It gives statutory recognition to the well-established practice of paying dividends on shares held during the year rather than on those held at the end of the year.

SECTION 7. In some cases the present two-month period is not sufficiently long to enable the audited statement to be prepared.

SECTION 8. Self explanatory.

- (2) Upon receiving an affidavit of the death of a member, ^{Payment to successor} the director of the credit union may pay to the nominee the amount due to the deceased member.

6. *The Credit Unions Act, 1953* is amended by adding ^{1953, c. 26, amended} thereto the following sections:

- 39a. Where moneys are held by a credit union to the ^{Unclaimed credits} credit of one of its members by reason of a deposit made or shares held by such member and the credit union is unable after reasonable efforts to locate the person entitled to such moneys, the credit union shall pay such moneys to the Treasurer of Ontario and the Treasurer of Ontario may pay such moneys to the person entitled thereto upon satisfactory proof being furnished by such person that he is the person entitled to receive such moneys.

.

- 40a. At each annual meeting a credit union may by ^{Dividends on shares held during year} resolution upon the recommendation of the board of directors declare a dividend payable to all members at the end of the previous fiscal year on the amounts paid in on shares held by such members at any time during the year as may be determined by the resolution.

7. Section 45 of *The Credit Unions Act, 1953*, as amended ^{1953, c. 26, s. 45, amended} by section 16 of *The Credit Unions Amendment Act, 1954*, is further amended by striking out "two" in the amendment of 1954 and inserting in lieu thereof "three", so that the section shall read as follows:

45. A credit union shall not later than three months ^{Annual statements} after the end of its fiscal year deliver to the registrar, in the form prescribed by him, an audited statement of its receipts and expenditures, assets and liabilities, and such statement shall also contain such other information as he may require.

8. Subsection 6 of section 49 of *The Credit Unions Act, 1953* is amended by striking out "50 cents" in the third line ^{1953, c. 26, s. 49, subs. 6, amended} and inserting in lieu thereof "\$1", so that the subsection shall read as follows:

- (6) A credit union that is a member of a league may by ^{Assessment of members for league} by-law provide for a yearly assessment of each of its members of an amount not to exceed \$1, which amounts shall be forwarded to the league to assist in its financing.

9. This Act may be cited as *The Credit Unions Amendment Act, 1956*. ^{Short title}

GENERAL EXPLANATORY NOTES

(SECTIONS 1 TO 16)

While at first glance it may appear that the Fire Insurance Part has been rather extensively redrafted, a closer examination will establish that the protection presently afforded to the insured has not been reduced but on the contrary this has been somewhat extended.

The necessity for the revision arose from

- (a) the fact that but few policies today insure only against the peril of fire alone. Most policies are multi-peril or all risks and the practice is rapidly expanding. The revision eliminates doubts which have existed as to the application of the Part because of certain court decisions. At the same time it was necessary to provide greater flexibility in the law for the coverage now being given;
- (b) the fact that many of the statutory conditions are antiquated and, in many cases, serve no useful purpose as they are waived by insurers in most of their policies. These are statutory conditions which operate in favour of the insurer and required unnecessary printing.

Broadly the scope of the revision may be summarized as follows:

- (1) Duplicate sections have been eliminated or consolidated, e.g. section 27 is primarily the fire licensing section. Section 105 of the Part also dealt with this aspect. Section 27 has been redrafted to include within its scope all of the licensing aspects. Section 107 merely duplicates section 92. The former has therefore been eliminated. Section 103 (2) and (3) have been eliminated as these are, in effect, duplication of other provisions.
- (2) As indicated in (a) above, the doubt as to the application of the Part has been eliminated by specific provision in proposed section 104. The extended coverage now given with the peril of fire makes this necessary to avoid litigation.
- (3) The scope of the coverage against the peril of fire has been defined by proposed section 105. This is, in effect, the combination of the definition of fire insurance with present statutory conditions 6 and 12 and the exclusion in present statutory conditions 4(b) and (d). Thus, in one place will be found the coverage where a policy insures against the peril of fire. Provision has been made by proposed section 105 for certain restrictions but subject to the protection for the insured of section 113.
- (4) The number of statutory conditions has been reduced from 24 to 15. This will save considerable unnecessary printing. This reduction has been accomplished
 - (i) by transferring to the substantive law statutory conditions 2, 9, 21, 22 and 24 relating to form of contract, notice to payees, agency and waiver and subrogation respectively. These are not properly conditions but substantive statements of law. As noted in item (3) above, statutory conditions 4(b) and (d), 6, 8 and 12 have also been transferred.
 - (ii) by deleting statutory conditions 3, 4(c), 5(a), (b) and (d) and 8. These deal with property excluded unless specifically included, want of substantial chimneys, repairs, inflammable substances, vacancy and other insurance. In so far as present statutory condition 3 is concerned this is merely part of the property cover and is properly the subject of contractual provision. The insured cannot suffer in any way by this change. Statutory condition 4(c) is today of no practical importance to insurers. Statutory condition 5(a),

(b) and (d) are waived by insurers in the vast majority of cases. If, for special risks, it is necessary to provide a similar condition this may be done under section 105 but subject to the insured receiving the protection of section 113. Statutory condition 8, with its penalty, appears to be unnecessary in view of present section 110 in the revision. Any question as to elimination of what may be described as fire prevention conditions is shortly answered by the continuation of present statutory condition 7, the fact that they are generally waived in whole or in part and by the provision of such conditions for special risks.

(iii) by the transfers to substantive law mentioned in item (3) above.

- (5) As previously indicated, present section 113 in the revision has been extended to give a larger measure of protection to the insured but at the same time giving somewhat more flexibility to meet modern conditions and coverages—coverages which are in fact being given although doubt exists as to the legal situation under the present Part. Section 109 dealing with co-insurance and limitation of liability clauses has been revised as section 110 to make its application more certain. The present wording is ambiguous and creates substantial difficulties of interpretation.

It will be observed from the foregoing that the revision is not in principle one derogating from the protection of the insured—indeed in some aspects this is extended. It is merely to meet the existing and developing situation in the forms of contract being offered. It may be suggested that this revision “jettisons” the existing case law and therefore will “breed” more litigation. This suggestion is without sound foundation as most of the important conditions have been retained in their present or in substantially their present form and therefore the case law continues to apply. Those eliminated cannot adversely affect the insured or encourage litigation.

To continue the Fire Insurance Part in its present form cannot be justified in the light of changing modern conditions and coverages.

(SECTION 17)

Part VII was first enacted in 1922. It was revised in 1924 but since that time very few changes have been made in it.

The purpose of this revision is threefold:

1. To add a number of provisions designed to assure increased protection to policyholders and beneficiaries;
2. To shorten and simplify the statutory conditions; and
3. To permit a degree of flexibility in cases where it is appropriate to allow an insurer to vary or omit a statutory condition.

New Provisions to protect Policyholders and Beneficiaries—

The following are the principal new provisions in this category:

1. New section 222 requiring that exceptions from and reductions in benefits be clearly brought to the notice of the insured;
2. New paragraph 2 added to statutory condition 7 giving a claimant additional time, up to one year, to furnish proof of claim, as well as notice of claim as now provided, if it is not reasonably possible for him to comply with the periods prescribed;
3. New section 226g making innocent misrepresentations, except those relating to age, incontestable after the policy has been in force two years;
4. New section 226h stating that pre-existing conditions will not affect a claim unless specifically excluded from the policy (a) if the loss occurs after a period of two years' cover, or (b) at any time if the pre-existing condition was disclosed by the insured on his application;

5. New section 226*i* providing for the appointment of beneficiaries of an accidental death benefit and giving them a direct right of action against the insurer;
6. New section 226*m*, a facility of payment section permitting insurers to pay up to \$2,000 to the relatives of a deceased insured (or others who have incurred expense on his behalf);
7. New section 226*n*, a prohibition against giving undue prominence to the benefit provisions of a policy as compared to its restrictions.

Shortening and Simplification of Statutory Conditions—

Because many insureds do not carefully read their policies due to their length, the statutory conditions should be no longer than necessary. In this revision, the present statutory conditions have been shortened without sacrificing their purpose.

Flexibility—

In addition to a shortening of the conditions, there are numerous respects in which it would be entirely proper for an insurer to vary or omit some of the conditions so long as the insured is not thereby prejudiced. This is in part due to the fact that the statutory conditions are framed to cover all forms of accident and sickness insurance, whereas a particular policy may relate only to one form, e.g., hospital expense insurance. Furthermore, some of the conditions are designed to regulate the extent to which insurers may exercise some of the privileges given to them by the conditions, e.g., the right to terminate a policy. Where a policy may not be terminated, such a provision is naturally inappropriate.

In the result, the new revision will give more protection to the insured than the present Part VII but will permit the simplification of policy forms and in this way should lead to a better understanding by the public of this form of insurance.

Fraternal Contracts—

The present exemption of fraternal societies and their contracts from Part VII has been removed. The revised Part VII will apply to these societies and their contracts subject to the special provisions relating thereto in sections 222, 224 and 226.

SECTION 1. This combines present section 27 and two of the subsections of section 105.

SECTION 2. Section 34 requires notice to the Superintendent of disputed claims and is unnecessary.

SECTION 3. This is a combination of present sections 92 and 107 with very slight amendment.

STATUTORY CONDITIONS

Misrepresentation

1. If any person applying for insurance falsely describes the property to the prejudice of the insurer, or misrepresents or fraudulently omits to communicate any circumstance which is material to be made known to the insurer in order to enable it to judge of the risk to be undertaken, the contract shall be void as to any property in relation to which the misrepresentation or omission is material.

Property of Others

2. Unless otherwise specifically stated in the contract, the insurer is not liable for loss or damage to property owned by any person other than the insured, unless the interest of the insured therein is stated in the contract.

Change of Interest

3. The insurer shall be liable for loss or damage occurring after an authorized assignment under the *Bankruptcy Act* or change of title by succession, by operation of law, or by death.

Material Change

4. Any change material to the risk and within the control and knowledge of the insured shall avoid the contract as to the part affected thereby, unless the change is promptly notified in writing to the insurer or its local agent; and the insurer when so notified may return the unearned portion, if any, of the premium paid and cancel the contract, or may notify the insured in writing that, if he desires the

contract to continue in force, he must, within fifteen days of the receipt of the notice, pay to the insurer an additional premium; and in default of such payment the contract shall no longer be in force and the insurer shall return the unearned portion, if any, of the premium paid.

Termination of Insurance

5.—(1) The insurance may be terminated:

- (a) subject to the statutory provision relating to cases where loss under the contract has, with the consent of the insurer, been made payable to some person other than the insured, by the insurer giving to the insured at any time fifteen days notice of cancellation by registered mail, or five days notice of cancellation personally delivered, and, if the insurance is on the cash plan, by refunding the excess of premium actually paid by the insured beyond the pro rata premium for the expired time;
- (b) if on the cash plan, by the insured giving written notice of termination to the insurer, in which case the insurer shall, upon surrender of this policy, refund the excess of premium actually paid by the insured beyond the customary short rate for the expired time.

(2) Repayment of the excess premium may be made by money, postal or express company money order, or by cheque payable at par.

(3) If the notice is given by registered letter the repayment shall accompany the notice.

(4) The fifteen days mentioned in clause *a* of subparagraph 1 of this condition shall commence to run from the day following the receipt of the registered letter at the post office to which it is addressed.

Requirements After Loss

6.—(1) Upon the occurrence of any loss of or damage to the insured property, the insured shall, if such loss or damage is covered by the contract, in addition to observing the requirements of conditions 9, 10 and 11,

- (a) forthwith give notice thereof in writing to the insurer;
- (b) deliver as soon as practicable to the insurer a proof of loss verified by a statutory declaration,
 - (i) giving a complete inventory of the destroyed and damaged property and showing in detail quantities, costs, actual cash value and particulars of amount of loss claimed,
 - (ii) stating when and how the loss occurred, and if caused by fire or explosion due to ignition, how the fire or explosion originated, so far as the insured knows or believes,
 - (iii) stating that the loss did not occur through any wilful act or neglect or the procurement, means or connivance of the insured,
 - (iv) showing the amount of other insurances and the names of other insurers,
 - (v) showing the interest of the insured and of all others in the property with particulars of all liens, encumbrances and other charges upon the property,
 - (vi) showing any changes in title, use, occupation, location, possession or exposures of the property since the issue of the contract,
 - (vii) showing the place where the property insured was at the time of loss;
- (c) if required give a complete inventory of undamaged property and showing in detail quantities, cost, actual cash value;

Statutory condition 5 is in substance the same as present statutory condition 10.

Statutory condition 6 is similar to present statutory condition 15.

Statutory condition 7 is a reproduction of present statutory condition 16.

Statutory condition 8 is in substance present statutory condition 14 but based upon Automobile Insurance statutory condition 10.

Statutory condition 9 is similar to present statutory condition 11.

Statutory condition 10 is substantially the same as present statutory condition 13.

Statutory condition 11 replaces present statutory condition 17 adopting appraisal rather than arbitration.

Statutory condition 12 is identical with present statutory condition 18.

- (d) if required and if practicable, produce books of account, warehouse receipts and stock lists, and furnish invoices and other vouchers verified by statutory declaration, and furnish a copy of the written portion of any other contract.

(2) The evidence furnished under clauses (c) and (d) of subparagraph (1) of this condition shall not be considered proofs of loss within the meaning of conditions 12 and 13.

Fraud

7. Any fraud or wilfully false statement in a statutory declaration in relation to any of the above particulars, shall vitiate the claim of the person making the declaration.

Who may give notice and proof

8. Notice of loss may be given, and proof of loss may be made, by the agent of the insured named in the contract in case of absence or inability of the insured to give the notice or make the proof, and absence or inability being satisfactorily accounted for, or in the like case, or if the insured refuses to do so, by a person to whom any part of the insurance money is payable.

Salvage

9.—(1) The insured, in the event of any loss or damage to any property insured under the contract, shall take all reasonable steps to prevent further damage to any such property so damaged and to prevent damage to other property insured hereunder including, if necessary, its removal to prevent damage or further damage thereto.

(2) The insurer shall contribute pro rata towards any reasonable and proper expenses in connection with steps taken by the insured and required under subparagraph 1 of this condition according to the respective interests of the parties.

Entry, Control, Abandonment

10. After any loss or damage to insured property, the insurer shall have an immediate right of access and entry by accredited agents sufficient to enable them to survey and examine the property, and to make an estimate of the loss or damage, and, after the insured has secured the property, a further right of access and entry sufficient to enable them to make appraisal or particular estimate of the loss or damage, but the insurer shall not be entitled to the control or possession of the insured property, and without the consent of the insurer there can be no abandonment to it of insured property.

Appraisal

11.—(1) If any difference arises as to the value of the property insured, the property saved or the amount of the loss, that value and amount shall, whether the right to recover on the contract is disputed or not, be ascertained by two competent and disinterested appraisers, the insured and the insurer each selecting one, and the two so chosen then selecting a competent and disinterested umpire.

(2) The appraisers together shall then estimate and appraise the loss or damage; stating separately the sound values and damage and, failing to agree, shall submit their differences to the umpire; and the finding in writing of any two shall determine the value of the property insured, the property saved and the amount of loss.

(3) The parties thereto shall pay the appraisers respectively selected by them, and shall bear equally the expense of the appraisal and umpire.

When Loss Payable

12. The loss shall be payable within sixty days after completion of the proof of loss, unless the contract provides for a shorter period.

Replacement

13.—(1) The insurer, instead of making payment, may repair, rebuild, or replace the property damaged or lost, giving written notice of its intention so to do within thirty days after receipt of the proofs of loss.

(2) In that event the insurer shall commence to so repair, rebuild, or replace the property within forty-five days after receipt of the proofs of loss, and shall thereafter proceed with all due diligence to the completion thereof.

Action

14. Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this contract shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

Notice

15.—(1) Any written notice to the insurer may be delivered at, or sent by registered post to, the chief agency or office of the insurer in the Province or delivered or so sent to any authorized agent of the insurer therein.

(2) Written notice may be given to the insured by letter personally delivered to him or by registered letter addressed to him at his latest post office address notified to the insurer, or, where no address is notified and the address is not known, addressed to him at the post office of the agency, if any, from which the application was received.

Statutory condition 13 is identical with present statutory condition 19, except for extension of times.

Statutory condition 14 is identical with present statutory condition 20.

Statutory condition 15 is identical with present statutory condition 23 except the word "head" has been deleted before "office".

SECTION 12. This replaces present section 109 but is in very much abbreviated form.

SECTION 13. This proposed revision eliminates the need for the present statutory condition 8. Subsection 4 is new, intended to provide a method of ascertaining rateable proportions when there are deductibles. In view of the proposed revision of section 104, subsection 5 of the present section 110 is unnecessary.

SECTION 14. The repealed section dealt with red ink on policies.

SECTION 15. This, with slight verbal change only, is same as present section 112.

SECTION 16. Section 113 retains the basic provisions of the present section although clause *a* is new. This has been inserted because the Fire Insurance Part, as amended by this bill, in terms has a broader application than the existing Part in that it covers the peril of fire in any contract other than those specifically excluded.

c. 183,
Part VII
(ss. 218-226),
re-enacted

17. Part VII of *The Insurance Act*, as amended by section 18 of *The Insurance Amendment Act, 1951*, is repealed and the following substituted therefor:

PART VII

ACCIDENT AND SICKNESS INSURANCE

Interpre-
tation

218. In this Part,

- (a) "contract" means a contract of accident insurance or of sickness insurance or of both;

Section 113*a*, subsection 1 follows present statutory condition 2. and is comparable to section 203 of the Automobile Insurance Part. Present statutory condition 22 has been eliminated. Subsection 2 follows Automobile Insurance statutory condition 7.

Section 113*b* replaces statutory condition 24 which, in the case of *Globe & Rutgers vs. Truedell*, 60 O.L.R. 227 was held to be of no value whatsoever. It follows section 204 in the Automobile Insurance Part.

SECTION 17. This is a revision of Part VII.

Clause *a*—The purpose of this definition is to save repeating in the balance of the Part a description of the type of contract governed by the Part. The terms "accident insurance" and "sickness insurance" are defined in section 1 of the Act.

Clause *b*—These terms are used in the definition of “group accident insurance” and “group sickness insurance”, *post*. As provided in section 219(3), certain sections of this Part are made applicable to the latter two types of group insurance. These sections, which are derived from the Life Insurance Part of the Act, are not appropriate to creditor’s group insurance where, as the above definition indicates, a creditor insures his debtors and thus payment of the benefits is made to him. The definition follows closely the definition of “creditor’s group life insurance” in the Life Part.

Clause *c*—This definition follows closely the definition of “group life insurance” in the Life Part. The wording is somewhat broader than the description of the term in present section 218(4). By section 219(3), *post*, certain sections of the Part are made applicable to group insurance.

Clause *d*—This definition and the definition of “person insured” should be read together. Frequently the “insured” and the “person insured” are the same person but where a contract insures more than one person the use of these terms in the balance of this Part makes it possible to distinguish between the provisions applicable to each.

Clause *e*—This definition is similar to the definition of “person” in the Life Part.

Clause *f*—See note to definition of “insured”, *supra*.

Section 219, subsection 1—Present section 218(1) has been clarified.

Subsection 2—The exceptions in present section 218(2) for disability and double indemnity insurance are simplified by a reference to these classes of insurance as defined in section 1. The exception for accident insurance in present section 218(3) is unnecessary in view of the definition of “accident insurance” in section 1. Present section 218(4) is dealt with in the definitions of “group accident insurance” and “group sickness insurance” and in subsection 3 hereof.

Clause *e* replaces present subsection 4*a* of section 218.

Present subsection 5 of section 218 is no longer necessary in view of the addition in this revision of sections 220, 226*a* to 226*e*, 226*k* and 226*p*.

Subsection 3—Present section 218(4) provides that this Part, except present section 226, shall not apply to group insurance. It also states that certain sections of the Life Part shall apply to this class of insurance. These sections are now reproduced in this Part and apply to group insurance. Also new sections 226*i*, 226*l* and 226*m* are made applicable to group insurance.

- (b) "creditor's group accident insurance" and "creditor's group sickness insurance" mean, respectively, accident insurance and sickness insurance effected by a creditor whereby the lives or well-being or the lives and well-being of a number of his debtors are insured severally under a single contract;
- (c) "group accident insurance" and "group sickness insurance" mean, respectively, accident insurance and sickness insurance, other than creditor's group accident insurance and creditor's group sickness insurance, whereby the lives or well-being or the lives and well-being of a number of persons are insured severally under a single contract between an insurer and an employer or other person contracting with the insurer;
- (d) "insured" means a person who makes a contract with an insurer;
- (e) "person" includes a firm, partnership or corporation, an unincorporated society or association, and a trade union;
- (f) "person insured" means a person in respect of an accident to whom, or in respect of whose sickness, benefits are payable under a contract.

APPLICATION OF PART

219.—(1) This Part applies to accident insurance and to sickness insurance and to an insurer carrying on the business of accident insurance or sickness insurance or both.

(2) This Part does not apply to,

Exceptions

- (a) creditor's group accident insurance;
- (b) creditor's group sickness insurance;
- (c) disability insurance;
- (d) double indemnity insurance; or
- (e) insurance provided under section 212a.

(3) This Part, except sections 220, 226b, 226c, 226i, 226k, 226l, 226m and 226p, does not apply to group accident insurance or group sickness insurance.

THE CONTRACT OF INSURANCE

Policy to
evidence
contract

220. A contract shall be evidenced by an instrument in writing called, in this Part, a policy.

Contents
of policy

221. The policy shall contain the name and address of the insurer, the name of the insured, the name of the person to whom the insurance money is payable, the premium for the insurance, the indemnity for which the insurer may become liable, the event on the happening of which such liability is to accrue, and the term of the insurance.

Exceptions
or
reductions

222.—(1) Subject to subsections 2, 3 and 4 of this section, to the statutory conditions in section 223 and to section 226j, the insurer shall set forth in the policy every exception or reduction affecting the amount payable under the contract, either in the provision affected by the exception or reduction or under a heading such as "Exceptions" or "Reductions".

Idem

(2) Where the exception or reduction affects only one provision in the policy, it shall be set forth in that provision.

Idem

(3) Where the exception or reduction is contained in an endorsement, insertion or rider, the endorsement, insertion or rider shall, unless it affects all amounts payable under the contract, make reference to the provisions in the policy affected by the exception or reduction.

Where not
applicable

(4) This section does not apply to a policy issued by a fraternal society.

Statutory
conditions

223. Subject to section 224, the conditions set forth in this section shall be deemed to be part of every contract and shall be printed on every policy with the heading "Statutory Conditions".

STATUTORY CONDITIONS

1.—(1) The Contract

This policy, including the endorsements, insertions or riders, if any, and the application for the contract if attached to the policy, constitutes the entire contract and no agent has authority to change the contract or waive any of its provisions.

(2) Waiver

The insurer shall be deemed not to have waived any condition of this contract, either in whole or in part, unless the waiver is clearly expressed in writing signed by the insurer.

2. Material Facts

No statement made by the insured on his application for this contract may be used in defence of a claim under, or to avoid, this contract unless it is contained in the written application for the contract and unless a copy of the application, or such part thereof as is material to the contract, is endorsed upon, inserted in or attached to the policy when issued.

Section 220 is similar to section 135 of the Life Part which presently applies by cross-reference.

Section 221 is the same as present section 220(1), except that references to the address, occupation and business of the insured have been omitted as being unnecessary. This type of information frequently becomes obsolete after the policy has been issued.

Subsection 2 of present section 220 is omitted because it simply permits one of several possible methods of renewing a contract.

Section 222 is new and requires that exceptions and reductions be clearly brought to the notice of the insured.

In regard to subsection 4, fraternal contracts are presently exempted entirely from the Accident and Sickness Insurance Part by section 218(1). This exemption is now repealed and the Part applies to fraternal insurance except that it has been necessary to make special provision for these contracts in this section and in sections 224 and 226. These special provisions are similar to the special provisions relating to fraternal insurance in the Life Part.

Section 223—These introductory words have been rewritten to correspond to the similar provision of the Automobile Part.

Statutory condition 1—Paragraph 1 is similar to present statutory condition 1 except that the cross-reference to condition 3 has been deleted as unnecessary. Paragraph 2 is the same as present statutory condition 20.

Statutory condition 2 is similar to present statutory condition 2 except that the first part of that condition has been transferred to section 226*f*, *post*.

Statutory condition 3 is similar in purpose to present statutory conditions 3 and 4 but the wording has been simplified and the reference to premium rates, etc., filed with the Superintendent of Insurance has been dropped because such filing is not required.

Statutory condition 4 replaces present condition 6. It has been reworded and, in particular, specific reference is made to the types of contracts to be taken into account.

Statutory condition 5—Present statutory conditions 7 and 10 have been combined and somewhat shortened without change in their effect.

Statutory condition 6—The substance of present statutory conditions 8, 9 and 11 has been combined in one condition.

Statutory condition 7—The words at the beginning of paragraph 1 include the substance of present statutory condition 16. The balance of the paragraph is the same as present statutory condition 12 except that the proviso to present clause *a* now appears as new paragraph 2 and is applicable to both notice of claim and proof of claim. A one-year limitation on late filings has been added.

3.—(1) Changes in Occupation If, after this policy is issued, the person insured engages for compensation in an occupation that is classified by the insurer as more hazardous than that stated in this policy, the liability under this contract is limited to the amount that the premium paid would have purchased for the more hazardous occupation according to the limits, classification of risks and premium rates in use by the insurer at the time the person insured engaged in the more hazardous occupation.

(2) If the person insured changes his occupation from that stated in this policy to an occupation classified by the insurer as less hazardous and so advises the insurer in writing, the insurer shall either

- (a) reduce the premium rate, or
- (b) issue a policy for the unexpired term of this contract at the lower rate of premium applicable to the less hazardous occupation,

according to the limits, classification of risks and premium rates used by the insurer at the date of receipt of advice of the change in occupation, and shall refund to the insured the amount by which the unearned premium on this contract exceeds the premium at the lower rate for the unexpired term.

4. Relation of Earnings to Insurance

Where the benefits for loss of time payable hereunder, either alone or together with benefits for loss of time under another contract, including a contract of group accident insurance or group sickness insurance or of both and a life insurance contract providing disability insurance, exceed the money value of the time of the person insured, the insurer is liable only for that proportion of the benefits for loss of time stated in this policy that the money value of the time of the person insured bears to the aggregate of the benefits for loss of time payable under all such contracts and the excess premium, if any, paid by the insured shall be returned to him by the insurer.

5. Termination by Insured

The insured may terminate the contract at any time by giving written notice of termination to the insurer by registered mail to its head office or chief agency in the province or by delivery thereof to an authorized agent of the insurer in the province and the insurer shall, upon surrender of this policy, refund the amount of premium paid in excess of the short rate premium for the expired time according to the table in use by the insurer at the time of termination.

6.—(1) Termination by Insurer The insurer may terminate the contract at any time by giving written notice of termination to the insured and by refunding concurrently with the giving of notice the amount of premium paid in excess of the pro rata premium for the expired time.

(2) The notice of termination may be delivered to the insured, or it may be sent by registered mail to the latest address of the insured on the records of the insurer.

(3) Where the notice of termination is delivered to the insured, five days notice of termination shall be given; where it is mailed to the insured, ten days notice of termination shall be given and the ten days shall begin on the day following the arrival of the notice at the post office to which it is addressed.

7.—(1) Notice and Proof of Claim The insured or his agent, or a beneficiary entitled to make a claim or his agent, shall

- (a) give written notice of claim to the insurer
 - (i) by delivery thereof, or by sending it by registered mail, to the head office or chief agency of the insurer in the province, or
 - (ii) by delivery thereof to an authorized agent of the insurer in the province,

not later than thirty days from the date of the accident or the beginning of the disability due to sickness;

- (b) within ninety days from the date of the accident or the beginning of the disability due to sickness for which the claim is made, furnish to the insurer such proof of claim as is reasonably possible in the circumstances of the happening of the accident or sickness and the loss occasioned thereby; and
- (c) if so required by the insurer, furnish a certificate as to the cause and nature of the accident or sickness for which the claim is made and as to the duration of the disability caused thereby, from a medical practitioner legally qualified to practise in the province.

(2) **Failure to Give Notice or Proof** Failure to give notice of claim or furnish proof of claim within the time prescribed in this statutory condition will not invalidate the claim if the notice or proof is given or furnished as soon as reasonably possible and in no event later than one year from the date of the accident or the beginning of the disability due to sickness and if it is shown that it was not reasonably possible to give notice or furnish proof within the time so prescribed.

8. Insurer to Furnish Forms for Proof of Claim The insurer shall furnish forms for proof of claim within fifteen days after receiving notice of claim but where the claimant has not received the forms within that time he may submit his proof of claim in the form of a written statement of the happening and character of the accident or sickness giving rise to the claim and of the extent of the loss.

9. Right of Examination The insurer has the right, and the claimant shall afford to the insurer an opportunity, to examine the person of the person insured when and as often as it may reasonably require while the claim hereunder is pending, and also, in the case of the death of the person insured to make an autopsy subject to any law of the province relating to autopsies.

10. When Moneys Payable Other Than for Loss of Time All moneys payable under this contract other than benefits for loss of time shall be paid by the insurer within sixty days after it has received proof of claim.

11. When Loss of Time Benefits Payable The initial benefits for loss of time shall be paid by the insurer within thirty days after it has received proof of claim, and payments shall be made thereafter within each succeeding sixty-day period while the insurer remains liable for the payments if the insured, whenever required to do so, furnishes prior to payment proof of continuing disability.

12. Limitation of Actions An action or proceeding against the insurer for the recovery of a claim under this contract shall not be begun after one year from the date on which the cause of action arose.

Omission or variation of conditions. 224.—(1) Where a statutory condition is not applicable to the benefits provided by the contract it may be omitted from the policy or varied so that it will be applicable.

Idem (2) Statutory conditions 3, 4 and 9 may be omitted from the policy if the contract does not contain any provisions respecting the matters dealt with therein.

Idem (3) Statutory conditions 5 and 6 may be omitted from the policy if the contract does not provide that it may be terminated by the insurer.

Statutory condition 8 is similar in purpose to present statutory condition 13 but the wording has been simplified.

Statutory condition 9 is the same as present statutory condition 14. Present statutory condition 15 has been deleted as unnecessary.

Statutory condition 10 is the same as present statutory condition 17 except that the expression "other than benefits for loss of time" has been used for uniformity with other statutory conditions.

Statutory condition 11 is similar in purpose to present statutory condition 18 but the wording has been simplified.

Statutory condition 12 is the same as present statutory condition 21 except that the limitation period is stated in the negative.

Section 224 replaces present sections 222 and 224 and provides a greater degree of flexibility in the use of statutory conditions.

Subsection 1 is designed to permit, for instance, the omission of statutory condition 11 in a hospital expense policy that does not provide loss of time benefits.

Subsection 2 would permit simplifying a policy by the omission of the conditions referred to therein in cases where the insurer is prepared to waive the subject-matter of these conditions.

Subsection 3 permits the omission of all reference to termination of the contract where the insurer does not wish to include the right to terminate.

Subsection 4 permits flexibility in the named conditions where the insured and beneficiary are not thereby prejudiced.

Subsection 5 permits a degree of leeway, again in favour of the insured and beneficiary, in the time periods prescribed in conditions 10, 11 and 12.

Subsection 6 requires that titles of statutory conditions be printed in the policy but permits the omission of the numbers of the conditions in order to avoid confusion where some of the conditions have been omitted pursuant to this section.

Subsection 7 contains special adaptations for fraternal insurance. Other changes relating to fraternal are in sections 222 and 226.

Section 225 is the same as present section 223.

Section 226 is a revision of present section 219. Three minor changes have been made: (1) subsection 2 has been rearranged; (2) in subsection 3 the words "or a part thereof" have been added after the word "premium" in the first line and the words "is not paid" added after the words "promissory note" in the third line; and (3) subsection 4 has been added.

(4) Statutory conditions 3, 4, 5, 6 and 9, and statutory ^{Idem} condition 7 except, in policies providing benefits for loss of time, clauses *a* and *b* of paragraph 1 thereof, may be varied but if by reason of the variation the contract is less favourable to the insured, person insured or beneficiary than it would be if the condition had not been varied, the condition shall be deemed to be included in the policy in the form in which it appears in section 223.

(5) Statutory conditions 10 and 11 may be varied by ^{Idem} shortening the periods of time prescribed therein and statutory condition 12 may be varied by lengthening the period of time prescribed therein.

(6) The title of a statutory condition shall be reproduced ^{Idem} in the policy along with the statutory condition but the number of a statutory condition may be omitted.

(7) In the case of a contract made by a fraternal society, ^{Idem}

(a) the following provision shall be printed on every policy in substitution for paragraph 1 of statutory condition 1 in section 223:

1.—(1) The Contract

This policy, the Act or instrument of incorporation of the insurer, its constitution, by-laws and rules, and the amendments made from time to time to its constitution, by-laws or rules, the application for the contract and the medical statement of the applicant constitute the entire contract and no agent has authority to change the contract or waive any of its provisions.

and

(b) statutory condition 5 in section 223 shall not be printed on the policy.

225. Where a policy of accident insurance is issued through the agency of a transportation corporation that holds a licence issued under section 290, the statutory conditions set out in section 223 need not be printed on the policy if the policy contains the following notice printed in conspicuous type: "Notwithstanding any other provision herein contained this contract is subject to the statutory conditions respecting contracts of accident insurance."

226.—(1) Where a policy is delivered, the contract is as binding on the insurer as if the premium had been paid, although it has not in fact been paid, and although delivered by an officer or agent of the insurer who did not have authority to deliver it. ^{Delivery of policy}

Right where
premium
unpaid

(2) The insurer may deduct the unpaid premium from the amount for which it may become liable under the contract or may sue the insured therefor.

Where
cheque or
note for
premium
not paid

(3) Where the premium or a part thereof is paid by a cheque or a promissory note and the cheque is not paid on presentation or the promissory note is not paid at maturity, the contract is voidable at the option of the insurer.

Fraternal
contracts

(4) This section does not apply to a contract made by a fraternal society.

INSURABLE INTEREST

Insurable
interest in
own life and
well-being

226a. Every person has an insurable interest in his own life and well-being.

Insurable
interest in
lives and
well-being
of others

226b. Without restricting the meaning that "insurable interest" now has in law, each of the following persons has an insurable interest:

- (a) a parent in the life and well-being of his child under twenty-five years of age;
- (b) a husband in the life and well-being of his wife;
- (c) a wife in the life and well-being of her husband;
- (d) one person in the life and well-being of another upon whom he is wholly or in part dependent for support or education, or from whom he is receiving support or education;
- (e) a corporation or other person in the life and well-being of its or his officer or employee;
- (f) a person who has a pecuniary interest in the duration of the life and continued well-being of another person, in the life and well-being of that person.

Contract
void without
insurable
interest

226c.—(1) A contract is void, if, at the time at which it would otherwise take effect and be binding, the insured has no insurable interest in the person insured.

Group
contracts

(2) Notwithstanding subsection 1, a contract of group accident insurance or of group sickness insurance or of both is valid if it provides benefits solely for the persons insured under the contract.

When insur-
able interest
unnecessary

226d. Where the insured has at the time at which the contract takes effect an insurable interest in the person in-

Sections 226*a* to 226*e* are adaptations of sections 151 to 155 of the Life Part now applicable to accident and sickness insurance by cross-reference. No changes have been made except (1) the expression "life and well-being" is used instead of "life", and (2) a new subsection 2 has been added to section 226*c*.

Section 226*b*—See note to section 226*a*.

Section 226*c*—New subsection 2 has been added to make it clear that a group contract is not void for lack of insurable interest if the contract provides benefits solely for the persons insured in the group.

Section 226*d*—See note to section 226*a*.

Section 226e—See note to section 226a.

Section 226f is similar to the first part of present statutory condition 2.

Section 226g—New subsection 1 makes innocent misstatements, except those relating to age, incontestable after the policy has been in force two years.

Subsection 2 is necessary to except from the operation of subsection 1 those cases where a claim made after the expiry of the contestable period actually arose from a loss incurred or a disability beginning within that period.

Section 226h is new and provides that pre-existing conditions will not affect a claim unless specifically excluded from the policy (a) if the loss occurs after a period of two years' cover, or (b) at any time if the pre-existing condition was disclosed by the insured on his application.

sured, it is not necessary for the validity of the contract or an assignment thereof that a beneficiary, or a person claiming under an assignment, or by will or by succession, have an insurable interest.

POLICIES ON THE LIVES OF MINORS

226e. A minor, after attaining the age of fifteen years, has the capacity of minors the capacity of a person of full age,

- (a) to effect a contract on his own life or well-being and to deal with the contract;
- (b) to deal with a contract on his own life or well-being effected by him before attaining the age of fifteen years;
- (c) to deal with his interest in a contract effected on his life or well-being by another, whether effected before or after the minor attained the age of fifteen years; and
- (d) if married, to effect a contract on the life or well-being of his spouse or of his children, or of both, and to deal with the contract.

MISREPRESENTATION AND NON-DISCLOSURE

226f. The statements made by the insured in his application for the contract are, in the absence of fraud, representations in application and not warranties.

226g.—(1) Except as provided in subsection 2, after a contract, including renewals thereof, has been in force for two years with respect to a person insured, every statement made in the written application in respect of that person, other than a fraudulent statement or a statement erroneous as to age, shall be deemed to be true and is incontestable.

(2) Where a claim arises from a loss incurred or a disability beginning before a contract, including renewals thereof, has been in force for two years with respect to the person in respect of whom the claim is made, subsection 1 does not apply to that claim.

226h. Where a person insured suffers or has suffered from a disease or physical condition that existed prior to the date the contract came into force with respect to that person and the disease or physical condition is not specifically excluded from the insurance, Pre-existing conditions

- (b) the existence of the disease or physical condition is not, except in the case of fraud, available as a defence against liability, in whole or in part, if the disease or physical condition was disclosed in the written application for the contract.

BENEFICIARIES

Designation of beneficiary 226i.—(1) Where insurance money is payable upon death by accident, the insured, or in the case of group accident insurance the person insured, may designate in writing a beneficiary to receive the insurance money or part thereof and may alter or revoke in writing any prior designation.

Right to sue (3) A beneficiary designated pursuant to subsection 1 may upon the death of the person insured enforce for his own benefit the payment of insurance money payable to him and payment to the beneficiary discharges the insurer, but the insurer may set up any defence that it could have set up against the insured, or the person insured in the case of group accident insurance, or the personal representative of either of them.

Presumption of death 226k. Where a contract provides for the payment of moneys upon the death by accident of the person insured and the person insured and the beneficiary perish in the same disaster, it shall be *prima facie* presumed that the beneficiary died first.

Section 226*i* is new and provides for the appointment of beneficiaries of an accidental death benefit and for a direct right of action by such a beneficiary against the insurer.

Section 226*k* is an adaptation of present section 183 of the Life Part now applicable to accident and sickness insurance by cross-reference.

Section 226*l* is an adaptation of section 188 (1) and (3) and section 190 of the Life Part.

Section 226*n* is new and prevents the giving of undue prominence to the benefit provisions of a policy as compared to its restrictions.

Section 226*o* is the same as present section 226 except that the words "after the maturity of the contract" have been changed to "with respect to the loss insured against". Also, a reference is added to the court before which a question is tried.

226o. Where there has been imperfect compliance with a statutory condition as to the proof of loss to be given by the ^{Relief from} forfeiture

claimant or as to any matter or thing to be done or omitted by the insured or claimant with respect to the loss insured against, and a consequent forfeiture or avoidance of the insurance in whole or in part, and a court before which a question relating thereto is tried deems it inequitable that the insurance should be forfeited or avoided on that ground, the court may relieve against the forfeiture or avoidance on such terms as it deems just.

No officer, agent, employee or servant of the insurer or any person soliciting accident insurance or sickness insurance or both, whether an agent of the insurer or not, shall, to the prejudice of the insured or of the person insured, be deemed to be for any purpose whatever the agent of the insured or of the person insured in respect of any question arising out of the contract.

GENERAL EXPLANATORY NOTES

(SECTIONS 1 TO 16)

While at first glance it may appear that the Fire Insurance Part has been rather extensively redrafted, a closer examination will establish that the protection presently afforded to the insured has not been reduced but on the contrary this has been somewhat extended.

The necessity for the revision arose from

- (a) the fact that but few policies today insure only against the peril of fire alone. Most policies are multi-peril or all risks and the practice is rapidly expanding. The revision eliminates doubts which have existed as to the application of the Part because of certain court decisions. At the same time it was necessary to provide greater flexibility in the law for the coverage now being given;
- (b) the fact that many of the statutory conditions are antiquated and, in many cases, serve no useful purpose as they are waived by insurers in most of their policies. These are statutory conditions which operate in favour of the insurer and required unnecessary printing.

Broadly the scope of the revision may be summarized as follows:

- (1) Duplicate sections have been eliminated or consolidated, e.g. section 27 is primarily the fire licensing section. Section 105 of the Part also dealt with this aspect. Section 27 has been redrafted to include within its scope all of the licensing aspects. Section 107 merely duplicates section 92. The former has therefore been eliminated. Section 103 (2) and (3) have been eliminated as these are, in effect, duplication of other provisions.
- (2) As indicated in (a) above, the doubt as to the application of the Part has been eliminated by specific provision in proposed section 104. The extended coverage now given with the peril of fire makes this necessary to avoid litigation.
- (3) The scope of the coverage against the peril of fire has been defined by proposed section 105. This is, in effect, the combination of the definition of fire insurance with present statutory conditions 6 and 12 and the exclusion in present statutory conditions 4(b) and (d). Thus, in one place will be found the coverage where a policy insures against the peril of fire. Provision has been made by proposed section 105 for certain restrictions but subject to the protection for the insured of section 113.
- (4) The number of statutory conditions has been reduced from 24 to 15. This will save considerable unnecessary printing. This reduction has been accomplished
 - (i) by transferring to the substantive law statutory conditions 2, 9, 21, 22 and 24 relating to form of contract, notice to payees, agency and waiver and subrogation respectively. These are not properly conditions but substantive statements of law. As noted in item (3) above, statutory conditions 4(b) and (d), 6, 8 and 12 have also been transferred.
 - (ii) by deleting statutory conditions 3, 4(c), 5(a), (b) and (d) and 8. These deal with property excluded unless specifically included, want of substantial chimneys, repairs, inflammable substances, vacancy and other insurance. In so far as present statutory condition 3 is concerned this is merely part of the property cover and is properly the subject of contractual provision. The insured cannot suffer in any way by this change. Statutory condition 4(c) is today of no practical importance to insurers. Statutory condition 5(a),

(b) and (d) are waived by insurers in the vast majority of cases. If, for special risks, it is necessary to provide a similar condition this may be done under section 105 but subject to the insured receiving the protection of section 113. Statutory condition 8, with its penalty, appears to be unnecessary in view of present section 110 in the revision. Any question as to elimination of what may be described as fire prevention conditions is shortly answered by the continuation of present statutory condition 7, the fact that they are generally waived in whole or in part and by the provision of such conditions for special risks.

(iii) by the transfers to substantive law mentioned in item (3) above.

- (5) As previously indicated, present section 113 in the revision has been extended to give a larger measure of protection to the insured but at the same time giving somewhat more flexibility to meet modern conditions and coverages—coverages which are in fact being given although doubt exists as to the legal situation under the present Part. Section 109 dealing with co-insurance and limitation of liability clauses has been revised as section 110 to make its application more certain. The present wording is ambiguous and creates substantial difficulties of interpretation.

It will be observed from the foregoing that the revision is not in principle one derogating from the protection of the insured—indeed in some aspects this is extended. It is merely to meet the existing and developing situation in the forms of contract being offered. It may be suggested that this revision “jettisons” the existing case law and therefore will “breed” more litigation. This suggestion is without sound foundation as most of the important conditions have been retained in their present or in substantially their present form and therefore the case law continues to apply. Those eliminated cannot adversely affect the insured or encourage litigation.

To continue the Fire Insurance Part in its present form cannot be justified in the light of changing modern conditions and coverages.

(SECTION 17)

Part VII was first enacted in 1922. It was revised in 1924 but since that time very few changes have been made in it.

The purpose of this revision is threefold:

1. To add a number of provisions designed to assure increased protection to policyholders and beneficiaries;
2. To shorten and simplify the statutory conditions; and
3. To permit a degree of flexibility in cases where it is appropriate to allow an insurer to vary or omit a statutory condition.

New Provisions to protect Policyholders and Beneficiaries—

The following are the principal new provisions in this category:

1. New section 222 requiring that exceptions from and reductions in benefits be clearly brought to the notice of the insured;
2. New paragraph 2 added to statutory condition 7 giving a claimant additional time, up to one year, to furnish proof of claim, as well as notice of claim as now provided, if it is not reasonably possible for him to comply with the periods prescribed;
3. New section 226g making innocent misrepresentations, except those relating to age, incontestable after the policy has been in force two years;
4. New section 226h stating that pre-existing conditions will not affect a claim unless specifically excluded from the policy (a) if the loss occurs after a period of two years' cover, or (b) at any time if the pre-existing condition was disclosed by the insured on his application;

5. New section 226*i* providing for the appointment of beneficiaries of an accidental death benefit and giving them a direct right of action against the insurer;
6. New section 226*m*, a facility of payment section permitting insurers to pay up to \$2,000 to the relatives of a deceased insured (or others who have incurred expense on his behalf);
7. New section 226*n*, a prohibition against giving undue prominence to the benefit provisions of a policy as compared to its restrictions.

Shortening and Simplification of Statutory Conditions—

Because many insureds do not carefully read their policies due to their length, the statutory conditions should be no longer than necessary. In this revision, the present statutory conditions have been shortened without sacrificing their purpose.

Flexibility—

In addition to a shortening of the conditions, there are numerous respects in which it would be entirely proper for an insurer to vary or omit some of the conditions so long as the insured is not thereby prejudiced. This is in part due to the fact that the statutory conditions are framed to cover all forms of accident and sickness insurance, whereas a particular policy may relate only to one form, e.g., hospital expense insurance. Furthermore, some of the conditions are designed to regulate the extent to which insurers may exercise some of the privileges given to them by the conditions, e.g., the right to terminate a policy. Where a policy may not be terminated, such a provision is naturally inappropriate.

In the result, the new revision will give more protection to the insured than the present Part VII but will permit the simplification of policy forms and in this way should lead to a better understanding by the public of this form of insurance.

Fraternal Contracts—

The present exemption of fraternal societies and their contracts from Part VII has been removed. The revised Part VII will apply to these societies and their contracts subject to the special provisions relating thereto in sections 222, 224 and 226.

SECTION 1. This combines present section 27 and two of the subsections of section 105.

SECTION 2. Section 34 requires notice to the Superintendent of disputed claims and is unnecessary.

SECTION 3. This is a combination of present sections 92 and 107 with very slight amendment.

contract to continue in force, he must, within fifteen days of the receipt of the notice, pay to the insurer an additional premium; and in default of such payment the contract shall no longer be in force and the insurer shall return the unearned portion, if any, of the premium paid.

Termination of Insurance

5.—(1) The insurance may be terminated:

- (a) subject to the statutory provision relating to cases where loss under the contract has, with the consent of the insurer, been made payable to some person other than the insured, by the insurer giving to the insured at any time fifteen days notice of cancellation by registered mail, or five days notice of cancellation personally delivered, and, if the insurance is on the cash plan, by refunding the excess of premium actually paid by the insured beyond the pro rata premium for the expired time;
- (b) if on the cash plan, by the insured giving written notice of termination to the insurer, in which case the insurer shall, upon surrender of this policy, refund the excess of premium actually paid by the insured beyond the customary short rate for the expired time.

(3) If the notice is given by registered letter the repayment shall accompany the notice.

(4) The fifteen days mentioned in clause *a* of subparagraph 1 of this condition shall commence to run from the day following the receipt of the registered letter at the post office to which it is addressed.

Requirements After Loss

6.—(1) Upon the occurrence of any loss of or damage to the insured property, the insured shall, if such loss or damage is covered by the contract, in addition to observing the requirements of conditions 9, 10 and 11,

 - (iii) stating that the loss did not occur through any wilful act or neglect or the procurement, means or connivance of the insured,

 - (vii) showing the place where the property insured was at the time of loss;
- (c) if required give a complete inventory of undamaged property and showing in detail quantities, cost, actual cash value;

Statutory condition 5 is in substance the same as present statutory condition 10.

Statutory condition 6 is similar to present statutory condition 15.

Statutory condition 7 is a reproduction of present statutory condition 16.

Statutory condition 8 is in substance present statutory condition 14 but based upon Automobile Insurance statutory condition 10.

(2) The evidence furnished under clauses (c) and (d) of subparagraph (1) of this condition shall not be considered proofs of loss within the meaning of conditions 12 and 13.

7. Any fraud or wilfully false statement in a statutory declaration in relation to any of the above particulars, shall vitiate the claim of the person making the declaration.

Who may give notice and proof

8. Notice of loss may be given, and proof of loss may be made, by the agent of the insured named in the contract in case of absence or inability of the insured to give the notice or make the proof, and absence or inability being satisfactorily accounted for, or in the like case, or if the insured refuses to do so, by a person to whom any part of the insurance money is payable.

Salvage

9.—(1) The insured, in the event of any loss or damage to any property insured under the contract, shall take all reasonable steps to prevent further damage to any such property so damaged and to prevent damage to other property insured hereunder including, if necessary, its removal to prevent damage or further damage thereto.

(2) The insurer shall contribute pro rata towards any reasonable and proper expenses in connection with steps taken by the insured and required under subparagraph 1 of this condition according to the respective interests of the parties.

Entry, Control, Abandonment

10. After any loss or damage to insured property, the insurer shall have an immediate right of access and entry by accredited agents sufficient to enable them to survey and examine the property, and to make an estimate of the loss or damage, and, after the insured has secured the property, a further right of access and entry sufficient to enable them to make appraisal or particular estimate of the loss or damage, but the insurer shall not be entitled to the control or possession of the insured property, and without the consent of the insurer there can be no abandonment to it of insured property.

Appraisal

11.—(1) If any difference arises as to the value of the property insured, the property saved or the amount of the loss, that value and amount shall, whether the right to recover on the contract is disputed or not, be ascertained by two competent and disinterested appraisers, the insured and the insurer each selecting one, and the two so chosen then selecting a competent and disinterested umpire.

(2) The appraisers together shall then estimate and appraise the loss or damage; stating separately the sound values and damage and, failing to agree, shall submit their differences to the umpire; and the finding in writing of any two shall determine the value of the property insured, the property saved and the amount of loss.

(3) The parties thereto shall pay the appraisers respectively selected by them, and shall bear equally the expense of the appraisal and umpire.

When Loss Payable

12. The loss shall be payable within sixty days after completion of the proof of loss, unless the contract provides for a shorter period.

Replacement

13.—(1) The insurer, instead of making payment, may repair, rebuild, or replace the property damaged or lost, giving written notice of its intention so to do within thirty days after receipt of the proofs of loss.

(2) In that event the insurer shall commence to so repair, rebuild, or replace the property within forty-five days after receipt of the proofs of loss, and shall thereafter proceed with all due diligence to the completion thereof.

Action

14. Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this contract shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

Notice

15.—(1) Any written notice to the insurer may be delivered at, or sent by registered post to, the chief agency or office of the insurer in the Province or delivered or so sent to any authorized agent of the insurer therein.

(2) Written notice may be given to the insured by letter personally delivered to him or by registered letter addressed to him at his latest post office address notified to the insurer, or, where no address is notified and the address is not known, addressed to him at the post office of the agency, if any, from which the application was received.

Statutory condition 15 is identical with present statutory condition 23 except the word "head" has been deleted before "office".

SECTION 12. This replaces present section 109 but is in very much abbreviated form.

SECTION 13. This proposed revision eliminates the need for the present statutory condition 8. Subsection 4 is new, intended to provide a method of ascertaining rateable proportions when there are deductibles. In view of the proposed revision of section 104, subsection 5 of the present section 110 is unnecessary.

SECTION 14. The repealed section dealt with red ink on policies.

SECTION 15. This, with slight verbal change only, is same as present section 112.

SECTION 16. Section 113 retains the basic provisions of the present section although clause *a* is new. Part VII
(ss. 218-226),
re-enacted

17. Part VII of *The Insurance Act*, as amended by section 18 of *The Insurance Amendment Act, 1951*, is repealed and the following substituted therefor:

PART VII

ACCIDENT AND SICKNESS INSURANCE

Interpre-
tation

218. In this Part,

- (a) "contract" means a contract of accident insurance or of sickness insurance or of both;

Section 113a, subsection 1 follows present statutory condition 22 and is comparable to section 203 of the Automobile Insurance Part. Present statutory condition 22 has been eliminated. Subsection 2 follows Automobile Insurance statutory condition 7.

Section 113b replaces statutory condition 24 which, in the case of *Globe & Rutgers vs. Truedell*, 60 O.L.R. 227 was held to be of no value whatsoever. It follows section 204 in the Automobile Insurance Part.

SECTION 17. This is a revision of Part VII.

Clause *a*—The purpose of this definition is to save repeating in the balance of the Part a description of the type of contract governed by the Part. The terms "accident insurance" and "sickness insurance" are defined in section 1 of the Act.

Clause *b*—These terms are used in the definition of “group accident insurance” and “group sickness insurance”, *post*. As provided in section 219(3), certain sections of this Part are made applicable to the latter two types of group insurance. These sections, which are derived from the Life Insurance Part of the Act, are not appropriate to creditor’s group insurance where, as the above definition indicates, a creditor insures his debtors and thus payment of the benefits is made to him. The definition follows closely the definition of “creditor’s group life insurance” in the Life Part.

Clause *c*—This definition follows closely the definition of “group life insurance” in the Life Part. The wording is somewhat broader than the description of the term in present section 218(4). By section 219(3), *post*, certain sections of the Part are made applicable to group insurance.

Clause *d*—This definition and the definition of “person insured” should be read together. Frequently the “insured” and the “person insured” are the same person but where a contract insures more than one person the use of these terms in the balance of this Part makes it possible to distinguish between the provisions applicable to each.

Clause *e*—This definition is similar to the definition of “person” in the Life Part.

Clause *f*—See note to definition of “insured”, *supra*.

Section 219, subsection 1—Present section 218(1) has been clarified.

Subsection 2—The exceptions in present section 218(2) for disability and double indemnity insurance are simplified by a reference to these classes of insurance as defined in section 1. The exception for accident insurance in present section 218(3) is unnecessary in view of the definition of “accident insurance” in section 1. Present section 218(4) is dealt with in the definitions of “group accident insurance” and “group sickness insurance” and in subsection 3 hereof.

Clause *e* replaces present subsection 4*a* of section 218.

Present subsection 5 of section 218 is no longer necessary in view of the addition in this revision of sections 220, 226*a* to 226*e*, 226*k* and 226*p*.

Subsection 3—Present section 218(4) provides that this Part, except present section 226, shall not apply to group insurance. It also states that certain sections of the Life Part shall apply to this class of insurance. These sections are now reproduced in this Part and apply to group insurance. Also new sections 226*i*, 226*l* and 226*m* are made applicable to group insurance.

- (b) "creditor's group accident insurance" and "creditor's group sickness insurance" mean, respectively, accident insurance and sickness insurance effected by a creditor whereby the lives or well-being or the lives and well-being of a number of his debtors are insured severally under a single contract;
- (c) "group accident insurance" and "group sickness insurance" mean, respectively, accident insurance and sickness insurance, other than creditor's group accident insurance and creditor's group sickness insurance, whereby the lives or well-being or the lives and well-being of a number of persons are insured severally under a single contract between an insurer and an employer or other person contracting with the insurer;
- (d) "insured" means a person who makes a contract with an insurer;
- (e) "person" includes a firm, partnership or corporation, an unincorporated society or association, and a trade union;
- (f) "person insured" means a person in respect of an accident to whom, or in respect of whose sickness, benefits are payable under a contract.

APPLICATION OF PART

219.—(1) This Part applies to accident insurance and to sickness insurance and to an insurer carrying on the business of accident insurance or sickness insurance or both.

(2) This Part does not apply to,

Exceptions

- (a) creditor's group accident insurance;
- (b) creditor's group sickness insurance;
- (c) disability insurance;
- (d) double indemnity insurance; or
- (e) insurance provided under section 212a.

(3) This Part, except sections 220, 226b, 226c, 226i, 226k, 226l, 226m and 226p, does not apply to group accident insurance or group sickness insurance.

THE CONTRACT OF INSURANCE

Policy to
evidence
contract

220. A contract shall be evidenced by an instrument in writing called, in this Part, a policy.

Contents
of policy

221. The policy shall contain the name and address of the insurer, the name of the insured, the name of the person to whom the insurance money is payable, the premium for the insurance, the indemnity for which the insurer may become liable, the event on the happening of which such liability is to accrue, and the term of the insurance.

Exceptions
or
reductions

222.—(1) Subject to subsections 2, 3 and 4 of this section, to the statutory conditions in section 223 and to section 226j, the insurer shall set forth in the policy every exception or reduction affecting the amount payable under the contract, either in the provision affected by the exception or reduction or under a heading such as "Exceptions" or "Reductions".

Idem

(2) Where the exception or reduction affects only one provision in the policy, it shall be set forth in that provision.

Idem

(3) Where the exception or reduction is contained in an endorsement, insertion or rider, the endorsement, insertion or rider shall, unless it affects all amounts payable under the contract, make reference to the provisions in the policy affected by the exception or reduction.

Where not
applicable

(4) This section does not apply to a policy issued by a fraternal society.

Statutory
conditions

223. Subject to section 224, the conditions set forth in this section shall be deemed to be part of every contract and shall be printed on every policy with the heading "Statutory Conditions".

STATUTORY CONDITIONS

1.—(1) The Contract

This policy, including the endorsements, insertions or riders, if any, and the application for the contract if attached to the policy, constitutes the entire contract and no agent has authority to change the contract or waive any of its provisions.

(2) Waiver

The insurer shall be deemed not to have waived any condition of this contract, either in whole or in part, unless the waiver is clearly expressed in writing signed by the insurer.

2. Material Facts

No statement made by the insured on his application for this contract may be used in defence of a claim under, or to avoid, this contract unless it is contained in the written application for the contract and unless a copy of the application, or such part thereof as is material to the contract, is endorsed upon, inserted in or attached to the policy when issued.

Section 220 is similar to section 135 of the Life Part which presently applies by cross-reference.

Section 221 is the same as present section 220(1), except that references to the address, occupation and business of the insured have been omitted as being unnecessary. This type of information frequently becomes obsolete after the policy has been issued.

Subsection 2 of present section 220 is omitted because it simply permits one of several possible methods of renewing a contract.

Section 222 is new and requires that exceptions and reductions be clearly brought to the notice of the insured.

In regard to subsection 4, fraternal contracts are presently exempted entirely from the Accident and Sickness Insurance Part by section 218(1). This exemption is now repealed and the Part applies to fraternal insurance except that it has been necessary to make special provision for these contracts in this section and in sections 224 and 226. These special provisions are similar to the special provisions relating to fraternal insurance in the Life Part.

Section 223—These introductory words have been rewritten to correspond to the similar provision of the Automobile Part.

Statutory condition 1—Paragraph 1 is similar to present statutory condition 1 except that the cross-reference to condition 3 has been deleted as unnecessary. Paragraph 2 is the same as present statutory condition 20.

Statutory condition 2 is similar to present statutory condition 2 except that the first part of that condition has been transferred to section 226*f, post*.

Statutory condition 3 is similar in purpose to present statutory conditions 3 and 4 but the wording has been simplified and the reference to premium rates, etc., filed with the Superintendent of Insurance has been dropped because such filing is not required.

Statutory condition 4 replaces present condition 6. It has been reworded and, in particular, specific reference is made to the types of contracts to be taken into account.

Statutory condition 5—Present statutory conditions 7 and 10 have been combined and somewhat shortened without change in their effect.

Statutory condition 6—The substance of present statutory conditions 8, 9 and 11 has been combined in one condition.

Statutory condition 7—The words at the beginning of paragraph 1 include the substance of present statutory condition 16. The balance of the paragraph is the same as present statutory condition 12 except that the proviso to present clause *a* now appears as new paragraph 2 and is applicable to both notice of claim and proof of claim. A one-year limitation on late filings has been added.

3.—(1) Changes in Occupation If, after this policy is issued, the person insured engages for compensation in an occupation that is classified by the insurer as more hazardous than that stated in this policy, the liability under this contract is limited to the amount that the premium paid would have purchased for the more hazardous occupation according to the limits, classification of risks and premium rates in use by the insurer at the time the person insured engaged in the more hazardous occupation.

(2) If the person insured changes his occupation from that stated in this policy to an occupation classified by the insurer as less hazardous and so advises the insurer in writing, the insurer shall either

- (a) reduce the premium rate, or
- (b) issue a policy for the unexpired term of this contract at the lower rate of premium applicable to the less hazardous occupation,

according to the limits, classification of risks and premium rates used by the insurer at the date of receipt of advice of the change in occupation, and shall refund to the insured the amount by which the unearned premium on this contract exceeds the premium at the lower rate for the unexpired term.

4. Relation of Earnings to Insurance Where the benefits for loss of time payable hereunder, either alone or together with benefits for loss of time under another contract, including a contract of group accident insurance or group sickness insurance or of both and a life insurance contract providing disability insurance, exceed the money value of the time of the person insured, the insurer is liable only for that proportion of the benefits for loss of time stated in this policy that the money value of the time of the person insured bears to the aggregate of the benefits for loss of time payable under all such contracts and the excess premium, if any, paid by the insured shall be returned to him by the insurer.

5. Termination by Insured The insured may terminate the contract at any time by giving written notice of termination to the insurer by registered mail to its head office or chief agency in the province or by delivery thereof to an authorized agent of the insurer in the province and the insurer shall, upon surrender of this policy, refund the amount of premium paid in excess of the short rate premium for the expired time according to the table in use by the insurer at the time of termination.

6.—(1) Termination by Insurer The insurer may terminate the contract at any time by giving written notice of termination to the insured and by refunding concurrently with the giving of notice the amount of premium paid in excess of the pro rata premium for the expired time.

(2) The notice of termination may be delivered to the insured, or it may be sent by registered mail to the latest address of the insured on the records of the insurer.

(3) Where the notice of termination is delivered to the insured, five days notice of termination shall be given; where it is mailed to the insured, ten days notice of termination shall be given and the ten days shall begin on the day following the arrival of the notice at the post office to which it is addressed.

7.—(1) Notice and Proof of Claim The insured or his agent, or a beneficiary entitled to make a claim or his agent, shall

- (a) give written notice of claim to the insurer
 - (i) by delivery thereof, or by sending it by registered mail, to the head office or chief agency of the insurer in the province, or
 - (ii) by delivery thereof to an authorized agent of the insurer in the province,

not later than thirty days from the date of the accident or the beginning of the disability due to sickness;

- (b) within ninety days from the date of the accident or the beginning of the disability due to sickness for which the claim is made, furnish to the insurer such proof of claim as is reasonably possible in the circumstances of the happening of the accident or sickness and the loss occasioned thereby; and
- (c) if so required by the insurer, furnish a certificate as to the cause and nature of the accident or sickness for which the claim is made and as to the duration of the disability caused thereby, from a medical practitioner legally qualified to practise in the province.

- (2) **Failure to Give Notice or Proof** Failure to give notice of claim or furnish proof of claim within the time prescribed in this statutory condition will not invalidate the claim if the notice or proof is given or furnished as soon as reasonably possible and in no event later than one year from the date of the accident or the beginning of the disability due to sickness and if it is shown that it was not reasonably possible to give notice or furnish proof within the time so prescribed.

8. **Insurer to Furnish Forms for Proof of Claim** The insurer shall furnish forms for proof of claim within fifteen days after receiving notice of claim but where the claimant has not received the forms within that time he may submit his proof of claim in the form of a written statement of the happening and character of the accident or sickness giving rise to the claim and of the extent of the loss.

9. **Right of Examination** The insurer has the right, and the claimant shall afford to the insurer an opportunity, to examine the person of the person insured when and as often as it may reasonably require while the claim hereunder is pending, and also, in the case of the death of the person insured to make an autopsy subject to any law of the province relating to autopsies.

10. **When Moneys Payable Other Than for Loss of Time** All moneys payable under this contract other than benefits for loss of time shall be paid by the insurer within sixty days after it has received proof of claim.

11. **When Loss of Time Benefits Payable** The initial benefits for loss of time shall be paid by the insurer within thirty days after it has received proof of claim, and payments shall be made thereafter within each succeeding sixty-day period while the insurer remains liable for the payments if the insured, whenever required to do so, furnishes prior to payment proof of continuing disability.

12. **Limitation of Actions** An action or proceeding against the insurer for the recovery of a claim under this contract shall not be begun after one year from the date on which the cause of action arose.

Omission or variation of conditions

224.—(1) Where a statutory condition is not applicable to the benefits provided by the contract it may be omitted from the policy or varied so that it will be applicable.

Idem

(2) Statutory conditions 3, 4 and 9 may be omitted from the policy if the contract does not contain any provisions respecting the matters dealt with therein.

Idem

(3) Statutory conditions 5 and 6 may be omitted from the policy if the contract does not provide that it may be terminated by the insurer.

Statutory condition 8 is similar in purpose to present statutory condition 13 but the wording has been simplified.

Statutory condition 9 is the same as present statutory condition 14. Present statutory condition 15 has been deleted as unnecessary.

Statutory condition 10 is the same as present statutory condition 17 except that the expression "other than benefits for loss of time" has been used for uniformity with other statutory conditions.

Statutory condition 11 is similar in purpose to present statutory condition 18 but the wording has been simplified.

Statutory condition 12 is the same as present statutory condition 21 except that the limitation period is stated in the negative.

Section 224 replaces present sections 222 and 224 and provides a greater degree of flexibility in the use of statutory conditions.

Subsection 1 is designed to permit, for instance, the omission of statutory condition 11 in a hospital expense policy that does not provide loss of time benefits.

Subsection 2 would permit simplifying a policy by the omission of the conditions referred to therein in cases where the insurer is prepared to waive the subject-matter of these conditions.

Subsection 3 permits the omission of all reference to termination of the contract where the insurer does not wish to include the right to terminate.

Subsection 4 permits flexibility in the named conditions where the insured and beneficiary are not thereby prejudiced.

Subsection 5 permits a degree of leeway, again in favour of the insured and beneficiary, in the time periods prescribed in conditions 10, 11 and 12.

Subsection 6 requires that titles of statutory conditions be printed in the policy but permits the omission of the numbers of the conditions in order to avoid confusion where some of the conditions have been omitted pursuant to this section.

Subsection 7 contains special adaptations for fraternal insurance. Other changes relating to fraternal are in sections 222 and 226.

Section 225 is the same as present section 223.

Section 226 is a revision of present section 219. Three minor changes have been made: (1) subsection 2 has been rearranged; (2) in subsection 3 the words "or a part thereof" have been added after the word "premium" in the first line and the words "is not paid" added after the words "promissory note" in the third line; and (3) subsection 4 has been added.

(4) Statutory conditions 3, 4, 5, 6 and 9, and statutory ^{Idem} condition 7 except, in policies providing benefits for loss of time, clauses *a* and *b* of paragraph 1 thereof, may be varied but if by reason of the variation the contract is less favourable to the insured, person insured or beneficiary than it would be if the condition had not been varied, the condition shall be deemed to be included in the policy in the form in which it appears in section 223.

(5) Statutory conditions 10 and 11 may be varied by ^{Idem} shortening the periods of time prescribed therein and statutory condition 12 may be varied by lengthening the period of time prescribed therein.

(6) The title of a statutory condition shall be reproduced ^{Idem} in the policy along with the statutory condition but the number of a statutory condition may be omitted.

(7) In the case of a contract made by a fraternal society, ^{Idem}

(a) the following provision shall be printed on every policy in substitution for paragraph 1 of statutory condition 1 in section 223:

1.—(1) The Contract

This policy, the Act or instrument of incorporation of the insurer, its constitution, by-laws and rules, and the amendments made from time to time to its constitution, by-laws or rules, the application for the contract and the medical statement of the applicant constitute the entire contract and no agent has authority to change the contract or waive any of its provisions.

and

(b) statutory condition 5 in section 223 shall not be printed on the policy.

225. Where a policy of accident insurance is issued through the agency of a transportation corporation that holds a licence issued under section 290, the statutory conditions set out in section 223 need not be printed on the policy if the policy contains the following notice printed in conspicuous type: "Notwithstanding any other provision herein contained this contract is subject to the statutory conditions respecting contracts of accident insurance."

226.—(1) Where a policy is delivered, the contract is as binding on the insurer as if the premium had been paid, although it has not in fact been paid, and although delivered by an officer or agent of the insurer who did not have authority to deliver it.

Right where
premium
unpaid

(2) The insurer may deduct the unpaid premium from the amount for which it may become liable under the contract or may sue the insured therefor.

Where
cheque or
note for
premium
not paid

(3) Where the premium or a part thereof is paid by a cheque or a promissory note and the cheque is not paid on presentation or the promissory note is not paid at maturity, the contract is voidable at the option of the insurer.

Fraternal
contracts

(4) This section does not apply to a contract made by a fraternal society.

INSURABLE INTEREST

Insurable
interest in
own life and
well-being

226a. Every person has an insurable interest in his own life and well-being.

Insurable
interest in
lives and
well-being
of others

226b. Without restricting the meaning that "insurable interest" now has in law, each of the following persons has an insurable interest:

- (a) a parent in the life and well-being of his child under twenty-five years of age;
- (b) a husband in the life and well-being of his wife;
- (c) a wife in the life and well-being of her husband;
- (d) one person in the life and well-being of another upon whom he is wholly or in part dependent for support or education, or from whom he is receiving support or education;
- (e) a corporation or other person in the life and well-being of its or his officer or employee;
- (f) a person who has a pecuniary interest in the duration of the life and continued well-being of another person, in the life and well-being of that person.

Contract
void without
insurable
interest

226c.—(1) A contract is void, if, at the time at which it would otherwise take effect and be binding, the insured has no insurable interest in the person insured.

Group
contracts

(2) Notwithstanding subsection 1, a contract of group accident insurance or of group sickness insurance or of both is valid if it provides benefits solely for the persons insured under the contract.

When insur-
able interest
unnecessary

226d. Where the insured has at the time at which the contract takes effect an insurable interest in the person in-

Sections 226*a* to 226*e* are adaptations of sections 151 to 155 of the Life Part now applicable to accident and sickness insurance by cross-reference. No changes have been made except (1) the expression "life and well-being" is used instead of "life", and (2) a new subsection 2 has been added to section 226*c*.

Section 226*b*—See note to section 226*a*.

Section 226*c*—New subsection 2 has been added to make it clear that a group contract is not void for lack of insurable interest if the contract provides benefits solely for the persons insured in the group.

Section 226*d*—See note to section 226*a*.

Section 226e—See note to section 226a.

Section 226f is similar to the first part of present statutory condition 2.

Section 226g—New subsection 1 makes innocent misstatements, except those relating to age, incontestable after the policy has been in force two years.

Subsection 2 is necessary to except from the operation of subsection 1 those cases where a claim made after the expiry of the contestable period actually arose from a loss incurred or a disability beginning within that period.

Section 226h is new and provides that pre-existing conditions will not affect a claim unless specifically excluded from the policy (a) if the loss occurs after a period of two years' cover, or (b) at any time if the pre-existing condition was disclosed by the insured on his application.

sured, it is not necessary for the validity of the contract or an assignment thereof that a beneficiary, or a person claiming under an assignment, or by will or by succession, have an insurable interest.

POLICIES ON THE LIVES OF MINORS

226e. A minor, after attaining the age of fifteen years, has the capacity of a person of full age, ^{Capacity of minors}

- (a) to effect a contract on his own life or well-being and to deal with the contract;
- (b) to deal with a contract on his own life or well-being effected by him before attaining the age of fifteen years;
- (c) to deal with his interest in a contract effected on his life or well-being by another, whether effected before or after the minor attained the age of fifteen years; and
- (d) if married, to effect a contract on the life or well-being of his spouse or of his children, or of both, and to deal with the contract.

MISREPRESENTATION AND NON-DISCLOSURE

226f. The statements made by the insured in his application for the contract are, in the absence of fraud, representations and not warranties. ^{Statements in application}

226g.—(1) Except as provided in subsection 2, after a contract, including renewals thereof, has been in force for two years with respect to a person insured, every statement made in the written application in respect of that person, other than a fraudulent statement or a statement erroneous as to age, shall be deemed to be true and is incontestable. ^{Incontestability}

(2) Where a claim arises from a loss incurred or a disability beginning before a contract, including renewals thereof, has been in force for two years with respect to the person in respect of whom the claim is made, subsection 1 does not apply to that claim. ^{Exception}

226h. Where a person insured suffers or has suffered from a disease or physical condition that existed prior to the date the contract came into force with respect to that person and the disease or physical condition is not specifically excluded from the insurance, ^{Pre-existing conditions}

- (a) the prior existence of the disease or physical condition is not, except in the case of fraud, available as a defence against liability, in whole or in part, for a loss incurred or a disability beginning after the contract, including renewals thereof, has been in force for two years with respect to that person; and
- (b) the existence of the disease or physical condition is not, except in the case of fraud, available as a defence against liability, in whole or in part, if the disease or physical condition was disclosed in the written application for the contract.

BENEFICIARIES

Designation of beneficiary 226i.—(1) Where insurance money is payable upon death by accident, the insured, or in the case of group accident insurance the person insured, may designate in writing a beneficiary to receive the insurance money or part thereof and may alter or revoke in writing any prior designation.

Death of beneficiary (2) If the beneficiary is not living at the time of the death of the person insured, the insurance money is payable to the insured or his estate or in the case of group accident insurance the estate of the person insured, unless the instrument by which the beneficiary is designated otherwise provides.

Right to sue (3) A beneficiary designated pursuant to subsection 1 may upon the death of the person insured enforce for his own benefit the payment of insurance money payable to him and payment to the beneficiary discharges the insurer, but the insurer may set up any defence that it could have set up against the insured, or the person insured in the case of group accident insurance, or the personal representative of either of them.

MISCELLANEOUS

Misstatement of age 226j.—(1) Subject to subsection 2, if the age of the person insured has been misstated, the amounts payable under the contract are those that the premium paid would have purchased if the correct age had been stated.

True age governs (2) Where the age of the person insured affects the commencement or termination of the insurance, the true age governs.

Presumption of death 226k. Where a contract provides for the payment of moneys upon the death by accident of the person insured and the person insured and the beneficiary perish in the same disaster, it shall be *prima facie* presumed that the beneficiary died first.

Section 226*i* is new and provides for the appointment of beneficiaries of an accidental death benefit and for a direct right of action by such a beneficiary against the insurer.

Section 226*j* is new and lays down rules appropriate to accident and sickness insurance respecting misstatements of age.

Section 226*k* is an adaptation of present section 183 of the Life Part now applicable to accident and sickness insurance by cross-reference.

Section 226*l* is an adaptation of section 188 (1) and (3) and section 190 of the Life Part.

Section 226*m* is new and is parallel to section 138 of the Life Part. The section will enable insurers to pay numerous small amounts to widows and others where the estate of the deceased is too small to warrant the cost of taking out letters of administration or probate.

Section 226*n* is new and prevents the giving of undue prominence to the benefit provisions of a policy as compared to its restrictions.

Section 226*o* is the same as present section 226 except that the words "after the maturity of the contract" have been changed to "with respect to the loss insured against". Also, a reference is added to the court before which a question is tried.

226l.—(1) Where the insurer admits liability for the insurance money or any part thereof, and it appears to the insurer that, ^{Payment into court}

- (a) there are adverse claimants;
- (b) the place of abode of a person entitled is unknown; or
- (c) there is no person capable of giving and authorized to give a valid discharge, who is willing to do so,

the insurer may apply *ex parte* to the court for an order for payment of the money into court, and the court may upon such notice, if any, as it thinks necessary make an order accordingly.

(2) The court may fix and ascertain without taxation the costs incurred upon or in connection with any application or order made under subsection 1 and may order the costs to be paid out of the insurance money or by the insurer or otherwise as seems just. ^{Costs of proceedings}

(3) A payment made pursuant to an order under subsection 1 discharges the insurer to the extent of the payment. ^{Discharge of insurer}

226m. Where insurance money is payable to a beneficiary or to the estate of the insured or of the person insured, the insurer may, if the contract so provides, pay an amount not exceeding \$2,000 ^{Payments not exceeding \$2,000} to,

- (a) a relative by blood or connection by marriage of the insured or of the person insured; or
- (b) any person appearing to the insurer to be equitably entitled thereto by reason of having incurred expense for the maintenance, medical attendance or burial of the insured or person insured or to have a claim against the estate of the insured or of the person insured in relation thereto.

226n. The insurer shall not, in the policy, give undue prominence to any provision or statutory condition as compared to other provisions or statutory conditions, unless the effect of that provision or statutory condition is to increase the premium or decrease the benefits otherwise provided for in the policy. ^{Undue prominence}

226o. Where there has been imperfect compliance with a statutory condition as to the proof of loss to be given by the ^{Relief from forfeiture}

claimant or as to any matter or thing to be done or omitted by the insured or claimant with respect to the loss insured against, and a consequent forfeiture or avoidance of the insurance in whole or in part, and a court before which a question relating thereto is tried deems it inequitable that the insurance should be forfeited or avoided on that ground, the court may relieve against the forfeiture or avoidance on such terms as it deems just.

Presumption
against
agency

226p. No officer, agent, employee or servant of the insurer or any person soliciting accident insurance or sickness insurance or both, whether an agent of the insurer or not, shall, to the prejudice of the insured or of the person insured, be deemed to be for any purpose whatever the agent of the insured or of the person insured in respect of any question arising out of the contract.

Commence-
ment

18.—(1) This Act comes into force on a day to be named by the Lieutenant-Governor by his Proclamation.

Application

(2) Except as provided in subsection 3, this Act applies only to contracts made on or after the day this Act comes into force.

Exception

(3) Sections 226g, 226h, 226i, 226j and 226l of *The Insurance Act*, as enacted by section 17, apply to contracts in effect on the day this Act comes into force.

STATUTORY CONDITIONS

Misrepresentation

1. If any person applying for insurance falsely describes the property to the prejudice of the insurer, or misrepresents or fraudulently omits to communicate any circumstance which is material to be made known to the insurer in order to enable it to judge of the risk to be undertaken, the contract shall be void as to any property in relation to which the misrepresentation or omission is material.

Property of Others

2. Unless otherwise specifically stated in the contract, the insurer is not liable for loss or damage to property owned by any person other than the insured, unless the interest of the insured therein is stated in the contract.

Change of Interest

3. The insurer shall be liable for loss or damage occurring after an authorized assignment under the *Bankruptcy Act* or change of title by succession, by operation of law, or by death.

Material Change

4. Any change material to the risk and within the control and knowledge of the insured shall avoid the contract as to the part affected thereby, unless the change is promptly notified in writing to the insurer or its local agent; and the insurer when so notified may return the unearned portion, if any, of the premium paid and cancel the contract, or may notify the insured in writing that, if he desires the

contract to continue in force, he must, within fifteen days of the receipt of the notice, pay to the insurer an additional premium; and in default of such payment the contract shall no longer be in force and the insurer shall return the unearned portion, if any, of the premium paid.

Termination of Insurance

5.—(1) The insurance may be terminated:

- (a) subject to the statutory provision relating to cases where loss under the contract has, with the consent of the insurer, been made payable to some person other than the insured, by the insurer giving to the insured at any time fifteen days notice of cancellation by registered mail, or five days notice of cancellation personally delivered, and, if the insurance is on the cash plan, by refunding the excess of premium actually paid by the insured beyond the pro rata premium for the expired time;
- (b) if on the cash plan, by the insured giving written notice of termination to the insurer, in which case the insurer shall, upon surrender of this policy, refund the excess of premium actually paid by the insured beyond the customary short rate for the expired time.

(2) Repayment of the excess premium may be made by money, postal or express company money order, or by cheque payable at par.

(3) If the notice is given by registered letter the repayment shall accompany the notice.

(4) The fifteen days mentioned in clause *a* of subparagraph 1 of this condition shall commence to run from the day following the receipt of the registered letter at the post office to which it is addressed.

Requirements After Loss

6.—(1) Upon the occurrence of any loss of or damage to the insured property, the insured shall, if such loss or damage is covered by the contract, in addition to observing the requirements of conditions 9, 10 and 11,

- (a) forthwith give notice thereof in writing to the insurer;
- (b) deliver as soon as practicable to the insurer a proof of loss verified by a statutory declaration,
 - (i) giving a complete inventory of the destroyed and damaged property and showing in detail quantities, costs, actual cash value and particulars of amount of loss claimed,
 - (ii) stating when and how the loss occurred, and if caused by fire or explosion due to ignition, how the fire or explosion originated, so far as the insured knows or believes,
 - (iii) stating that the loss did not occur through any wilful act or neglect or the procurement, means or connivance of the insured,
 - (iv) showing the amount of other insurances and the names of other insurers,
 - (v) showing the interest of the insured and of all others in the property with particulars of all liens, encumbrances and other charges upon the property,
 - (vi) showing any changes in title, use, occupation, location, possession or exposures of the property since the issue of the contract,
 - (vii) showing the place where the property insured was at the time of loss;
- (c) if required give a complete inventory of undamaged property and showing in detail quantities, cost, actual cash value;

- (d) if required and if practicable, produce books of account, warehouse receipts and stock lists, and furnish invoices and other vouchers verified by statutory declaration, and furnish a copy of the written portion of any other contract.

(2) The evidence furnished under clauses (c) and (d) of subparagraph (1) of this condition shall not be considered proofs of loss within the meaning of conditions 12 and 13.

Fraud

7. Any fraud or wilfully false statement in a statutory declaration in relation to any of the above particulars, shall vitiate the claim of the person making the declaration.

Who may give notice and proof

8. Notice of loss may be given, and proof of loss may be made, by the agent of the insured named in the contract in case of absence or inability of the insured to give the notice or make the proof, and absence or inability being satisfactorily accounted for, or in the like case, or if the insured refuses to do so, by a person to whom any part of the insurance money is payable.

Salvage

9.—(1) The insured, in the event of any loss or damage to any property insured under the contract, shall take all reasonable steps to prevent further damage to any such property so damaged and to prevent damage to other property insured hereunder including, if necessary, its removal to prevent damage or further damage thereto.

(2) The insurer shall contribute pro rata towards any reasonable and proper expenses in connection with steps taken by the insured and required under subparagraph 1 of this condition according to the respective interests of the parties.

Entry, Control, Abandonment

10. After any loss or damage to insured property, the insurer shall have an immediate right of access and entry by accredited agents sufficient to enable them to survey and examine the property, and to make an estimate of the loss or damage, and, after the insured has secured the property, a further right of access and entry sufficient to enable them to make appraisal or particular estimate of the loss or damage, but the insurer shall not be entitled to the control or possession of the insured property, and without the consent of the insurer there can be no abandonment to it of insured property.

Appraisal

11.—(1) If any difference arises as to the value of the property insured, the property saved or the amount of the loss, that value and amount shall, whether the right to recover on the contract is disputed or not, be ascertained by two competent and disinterested appraisers, the insured and the insurer each selecting one, and the two so chosen then selecting a competent and disinterested umpire.

(2) The appraisers together shall then estimate and appraise the loss or damage; stating separately the sound values and damage and, failing to agree, shall submit their differences to the umpire; and the finding in writing of any two shall determine the value of the property insured, the property saved and the amount of loss.

(3) The parties thereto shall pay the appraisers respectively selected by them, and shall bear equally the expense of the appraisal and umpire.

When Loss Payable

12. The loss shall be payable within sixty days after completion of the proof of loss, unless the contract provides for a shorter period.

Replacement

13.—(1) The insurer, instead of making payment, may repair, rebuild, or replace the property damaged or lost, giving written notice of its intention so to do within thirty days after receipt of the proofs of loss.

(2) In that event the insurer shall commence to so repair, rebuild, or replace the property within forty-five days after receipt of the proofs of loss, and shall thereafter proceed with all due diligence to the completion thereof.

Action

14. Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this contract shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

Notice

15.—(1) Any written notice to the insurer may be delivered at, or sent by registered post to, the chief agency or office of the insurer in the Province or delivered or so sent to any authorized agent of the insurer therein.

(2) Written notice may be given to the insured by letter personally delivered to him or by registered letter addressed to him at his latest post office address notified to the insurer, or, where no address is notified and the address is not known, addressed to him at the post office of the agency, if any, from which the application was received.

Contents
of policy

221. The policy shall contain the name and address of the insurer, the name of the insured, the name of the person to whom the insurance money is payable, the premium for the insurance, the indemnity for which the insurer may become liable, the event on the happening of which such liability is to accrue, and the term of the insurance.

Subject to subsections 2, 3 and 4 of this section, to the statutory conditions in section 223 and to section 226j, the insurer shall set forth in the policy every exception or reduction affecting the amount payable under the contract, either in the provision affected by the exception or reduction or under a heading such as "Exceptions" or "Reductions".

Idem

(2) Where the exception or reduction affects only one provision in the policy, it shall be set forth in that provision.

Idem

Where not
applicable

(4) This section does not apply to a policy issued by a fraternal society.

Statutory
conditions

223. Subject to section 224, the conditions set forth in this section shall be deemed to be part of every contract and shall be printed on every policy with the heading "Statutory Conditions".

STATUTORY CONDITIONS

1.—(1) The Contract

This policy, including the endorsements, insertions or riders, if any, and the application for the contract if attached to the policy, constitutes the entire contract and no agent has authority to change the contract or waive any of its provisions.

(2) Waiver

The insurer shall be deemed not to have waived any condition of this contract, either in whole or in part, unless the waiver is clearly expressed in writing signed by the insurer.

2. Material Facts

No statement made by the insured on his application for this contract may be used in defence of a claim under, or to avoid, this contract unless it is contained in the written application for the contract and unless a copy of the application, or such part thereof as is material to the contract, is endorsed upon, inserted in or attached to the policy when issued.

3.—(1) Changes in Occupation If, after this policy is issued, the person insured engages for compensation in an occupation that is classified by the insurer as more hazardous than that stated in this policy, the liability under this contract is limited to the amount that the premium paid would have purchased for the more hazardous occupation according to the limits, classification of risks and premium rates in use by the insurer at the time the person insured engaged in the more hazardous occupation.

(2) If the person insured changes his occupation from that stated in this policy to an occupation classified by the insurer as less hazardous and so advises the insurer in writing, the insurer shall either

- (a) reduce the premium rate, or
- (b) issue a policy for the unexpired term of this contract at the lower rate of premium applicable to the less hazardous occupation,

according to the limits, classification of risks and premium rates used by the insurer at the date of receipt of advice of the change in occupation, and shall refund to the insured the amount by which the unearned premium on this contract exceeds the premium at the lower rate for the unexpired term.

4. Relation of Earnings to Insurance Where the benefits for loss of time payable hereunder, either alone or together with benefits for loss of time under another contract, including a contract of group accident insurance or group sickness insurance or of both and a life insurance contract providing disability insurance, exceed the money value of the time of the person insured, the insurer is liable only for that proportion of the benefits for loss of time stated in this policy that the money value of the time of the person insured bears to the aggregate of the benefits for loss of time payable under all such contracts and the excess premium, if any, paid by the insured shall be returned to him by the insurer.

5. Termination by Insured The insured may terminate the contract at any time by giving written notice of termination to the insurer by registered mail to its head office or chief agency in the province or by delivery thereof to an authorized agent of the insurer in the province and the insurer shall, upon surrender of this policy, refund the amount of premium paid in excess of the short rate premium for the expired time according to the table in use by the insurer at the time of termination.

6.—(1) Termination by Insurer The insurer may terminate the contract at any time by giving written notice of termination to the insured and by refunding concurrently with the giving of notice the amount of premium paid in excess of the pro rata premium for the expired time.

(2) The notice of termination may be delivered to the insured, or it may be sent by registered mail to the latest address of the insured on the records of the insurer.

(3) Where the notice of termination is delivered to the insured, five days notice of termination shall be given; where it is mailed to the insured, ten days notice of termination shall be given and the ten days shall begin on the day following the arrival of the notice at the post office to which it is addressed.

7.—(1) Notice and Proof of Claim The insured or his agent, or a beneficiary entitled to make a claim or his agent, shall

- (a) give written notice of claim to the insurer
 - (i) by delivery thereof, or by sending it by registered mail, to the head office or chief agency of the insurer in the province, or
 - (ii) by delivery thereof to an authorized agent of the insurer in the province,

not later than thirty days from the date of the accident or the beginning of the disability due to sickness;

- (b) within ninety days from the date of the accident or the beginning of the disability due to sickness for which the claim is made, furnish to the insurer such proof of claim as is reasonably possible in the circumstances of the happening of the accident or sickness and the loss occasioned thereby; and
- (c) if so required by the insurer, furnish a certificate as to the cause and nature of the accident or sickness for which the claim is made and as to the duration of the disability caused thereby, from a medical practitioner legally qualified to practise in the province.

- (2) **Failure to Give Notice or Proof** Failure to give notice of claim or furnish proof of claim within the time prescribed in this statutory condition will not invalidate the claim if the notice or proof is given or furnished as soon as reasonably possible and in no event later than one year from the date of the accident or the beginning of the disability due to sickness and if it is shown that it was not reasonably possible to give notice or furnish proof within the time so prescribed.

8. **Insurer to Furnish Forms for Proof of Claim** The insurer shall furnish forms for proof of claim within fifteen days after receiving notice of claim but where the claimant has not received the forms within that time he may submit his proof of claim in the form of a written statement of the happening and character of the accident or sickness giving rise to the claim and of the extent of the loss.

9. **Right of Examination** The insurer has the right, and the claimant shall afford to the insurer an opportunity, to examine the person of the person insured when and as often as it may reasonably require while the claim hereunder is pending, and also, in the case of the death of the person insured to make an autopsy subject to any law of the province relating to autopsies.

10. **When Moneys Payable Other Than for Loss of Time** All moneys payable under this contract other than benefits for loss of time shall be paid by the insurer within sixty days after it has received proof of claim.

11. **When Loss of Time Benefits Payable** The initial benefits for loss of time shall be paid by the insurer within thirty days after it has received proof of claim, and payments shall be made thereafter within each succeeding sixty-day period while the insurer remains liable for the payments if the insured, whenever required to do so, furnishes prior to payment proof of continuing disability.

12. **Limitation of Actions** An action or proceeding against the insurer for the recovery of a claim under this contract shall not be begun after one year from the date on which the cause of action arose.

Omission or variation of conditions

224.—(1) Where a statutory condition is not applicable to the benefits provided by the contract it may be omitted from the policy or varied so that it will be applicable.

Idem

(2) Statutory conditions 3, 4 and 9 may be omitted from the policy if the contract does not contain any provisions respecting the matters dealt with therein.

Idem

(3) Statutory conditions 5 and 6 may be omitted from the policy if the contract does not provide that it may be terminated by the insurer.

(4) Statutory conditions 3, 4, 5, 6 and 9, and statutory ^{Idem} condition 7 except, in policies providing benefits for loss of time, clauses *a* and *b* of paragraph 1 thereof, may be varied but if by reason of the variation the contract is less favourable to the insured, person insured or beneficiary than it would be if the condition had not been varied, the condition shall be deemed to be included in the policy in the form in which it appears in section 223.

(5) Statutory conditions 10 and 11 may be varied by ^{Idem} shortening the periods of time prescribed therein and statutory condition 12 may be varied by lengthening the period of time prescribed therein.

(6) The title of a statutory condition shall be reproduced ^{Idem} in the policy along with the statutory condition but the number of a statutory condition may be omitted.

(7) In the case of a contract made by a fraternal society, ^{Idem}

(a) the following provision shall be printed on every policy in substitution for paragraph 1 of statutory condition 1 in section 223:

1.—(1) The Contract

This policy, the Act or instrument of incorporation of the insurer, its constitution, by-laws and rules, and the amendments made from time to time to its constitution, by-laws or rules, the application for the contract and the medical statement of the applicant constitute the entire contract and no agent has authority to change the contract or waive any of its provisions.

and

(b) statutory condition 5 in section 223 shall not be printed on the policy.

225. Where a policy of accident insurance is issued through the agency of a transportation corporation that holds a licence issued under section 290, the statutory conditions set out in section 223 need not be printed on the policy if the policy contains the following notice printed in conspicuous type: "Notwithstanding any other provision herein contained this contract is subject to the statutory conditions respecting contracts of accident insurance."

226.—(1) Where a policy is delivered, the contract is as ^{Delivery of policy} binding on the insurer as if the premium had been paid, although it has not in fact been paid, and although delivered by an officer or agent of the insurer who did not have authority to deliver it.

Right where
premium
unpaid

(2) The insurer may deduct the unpaid premium from the amount for which it may become liable under the contract or may sue the insured therefor.

Where
cheque or
note for
premium
not paid

(3) Where the premium or a part thereof is paid by a cheque or a promissory note and the cheque is not paid on presentation or the promissory note is not paid at maturity, the contract is voidable at the option of the insurer.

Fraternal
contracts

(4) This section does not apply to a contract made by a fraternal society.

(2) Where a claim arises from a loss incurred or a disability ^{Exception} beginning before a contract, including renewals thereof, has been in force for two years with respect to the person in respect of whom the claim is made, subsection 1 does not apply to that claim.

226h. Where a person insured suffers or has suffered from a ^{Pre-existing} disease or physical condition that existed prior to the date the ^{conditions} contract came into force with respect to that person and the disease or physical condition is not specifically excluded from the insurance,

- (a) the prior existence of the disease or physical condition is not, except in the case of fraud, available as a defence against liability, in whole or in part, for a loss incurred or a disability beginning after the contract, including renewals thereof, has been in force for two years with respect to that person; and
- (b) the existence of the disease or physical condition is not, except in the case of fraud, available as a defence against liability, in whole or in part, if the disease or physical condition was disclosed in the written application for the contract.

True age governs (2) Where the age of the person insured affects the commencement or termination of the insurance, the true age governs.

Presumption of death 226k. Where a contract provides for the payment of moneys upon the death by accident of the person insured and the person insured and the beneficiary perish in the same disaster, it shall be *prima facie* presumed that the beneficiary died first.

226n. The insurer shall not, in the policy, give undue prominence to any provision or statutory condition as compared to other provisions or statutory conditions, unless the effect of that provision or statutory condition is to increase the premium or decrease the benefits otherwise provided for in the policy. ^{Undue prominence}

226o. Where there has been imperfect compliance with a statutory condition as to the proof of loss to be given by the ^{Relief from} forfeiture

claimant or as to any matter or thing to be done or omitted by the insured or claimant with respect to the loss insured against, and a consequent forfeiture or avoidance of the insurance in whole or in part, and a court before which a question relating thereto is tried deems it inequitable that the insurance should be forfeited or avoided on that ground, the court may relieve against the forfeiture or avoidance on such terms as it deems just.

against
agency

Since the Department of Public Works performs the work under the Act in unorganized territory and since a grant cannot be made to a municipality in such territory the word "aid" will be more appropriate than "grant". Also "unorganized territory" will be more appropriate to denote areas without municipal organization. The matters mentioned in subsection 2 will be more appropriately left in the discretion of the Minister.

Drainage work permitted in unorganized territory will, by virtue of subsection 3, be the same as the kinds of drainage work mentioned in *The Municipal Drainage Act*.

EXPLANATORY NOTE

The Ontario Municipal Board has general powers under *The Municipal Corporations Quieting Orders Act* to determine the boundaries of any municipality. Sections 6 to 9 of *The Territorial Division Act* provide for the boundaries of townships lying on certain lakes and rivers and clause *e* of section 11 gives the Lieutenant-Governor in Council power, when doubt exists as to the township in which an island lies, to declare the township in which it lies. These provisions are in conflict with the general powers of the Ontario Municipal Board. The amendments clarify the situation by giving the Municipal Board power to determine such disputes.

Roads in
Indian
reserves and
other lands
under the
control of the
Government
of Canada

33. The Minister may arrange with the Government of Canada for the construction, improvement, maintenance and repair, under the supervision of the county road superintendent and in accordance with the requirements of the Minister, of any road in a township or portion of a township constituting an Indian reserve or of any road under the control of the Government of Canada which lies within the limits of a municipality not separated from the county for municipal purposes where the road forms an extension of or connecting link in a county road system, and the Minister may direct payment to the county treasurer out of the moneys appropriated therefor by the Legislature of an amount equal to the percentage of the net expenditure made by the county under such arrangement as is provided for in section 18.

R.S.O. 1950,
c. 166, s. 35,

SECTION 4. The section repealed provides for an arrangement with the Indian Affairs Branch of the Department of Mines and Resources (Canada) for the construction and improvement of a connecting link of a county road system passing through an Indian Reserve. Indian affairs are now administered by the Department of Citizenship and Immigration (Canada).

As re-enacted the section is intended to overcome the difficulty caused by the transfer of responsibility from one Federal Department to another and to make the provisions applicable to a connecting link of a county road system passing through other lands under the control of the Government of Canada, for example, Welland Canal lands.

SECTION 5. A county road superintendent who acts as engineer for a suburban roads commission is required to perform additional duties and to assume additional responsibility. The re-enactment provides for extra compensation for these extra services.

SECTION 6. The amendment brings the provision into line with present administrative practices as township councils require the extra month in which to estimate their road expenditures.

SECTION 7. Indian affairs are now administered by the Department of Citizenship and Immigration (Canada). The amendment is intended to overcome the difficulty caused by the transfer of responsibility from one Federal Department to another. See also section 4 of this bill.

SECTION 8. See note to section 6. This amendment is similar.

SECTION 9. This provision is new. It provides for a system of provincial roads to be known as "Secondary Roads".
